The Clery Act

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, more commonly known as the Clery Act and the Violence Against Women Act of 2013, requires an institution to prepare an annual security report reflecting its current policies that contains, at a minimum, the following information:

- Publish an annual report every year by October 1 that contains three years of campus crime and fire safety statistics and certain campus security policy statements;
- Disclose crime statistics for the campus, public property, and certain noncampus buildings or properties. The statistics must be gathered from campus police or security, local law enforcement, and other University officials who have “significant responsibility for student and campus activities”;
- Provide “timely warning” notices for any Clery Act crime that represents an ongoing threat to the safety of students or employees;
- Issue an emergency notification upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus;
- Disclose in a public crime log “any crime that occurred on campus...or within the patrol jurisdiction of the campus police or the campus security department and is reported to the campus police or security department”;
- Maintain in a public fire log a record of any fire that occurred in an on-campus student housing facility.
- Disclose missing student notification procedures that pertain to students residing in an on-campus student housing facility;
- Disclose fire safety information related to an on-campus student housing facility.
- Provide educational programs and campaigns to promote the awareness of dating violence, domestic violence, sexual assault, and stalking; provide primary prevention and awareness programs to all incoming students and new employees; and provide ongoing prevention and awareness campaigns for students and employees.
- Disclose procedures for institutional disciplinary action in cases of dating violence, domestic violence, sexual assault, and stalking.

The Higher Education Opportunity Act and the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (The Clery Act) requires higher education institutions to collect, report and disseminate reported crime data and information and fire statistics to the campus community, the Department of Education, and prospective students and employees. This report contains crime data as classified by the definitions from the Federal Bureau of Investigations Uniform Crime Reporting Handbook (UCR). As per Clery Act regulations, this report contains data from the 2019, 2018, and 2017 calendar years.

Preparation and Disclosure of Crime Statistics

The 

\textit{Clery Act} requires institutions to disclose statistics for crimes based on (1) where the crime occurred, (2) to whom the crimes were reported, (3) the types of crimes that were reported, and (4) the year in which the crimes were reported.

1. Where crimes occurred—Institutions must disclose statistics for reported \textit{Clery Act} crimes that occur:
   a. On Campus: (1) Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution’s educational purposes, including residence halls; and (2) Any building or property that is within or reasonably contiguous to paragraph (1) of this definition, that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or other retail vendor).
   b. Noncampus: (1) Any building or property owned or controlled by a student organization that is officially recognized by the institution; or (2) Any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution’s educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.
   c. Public Property: All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus.
   d. On-Campus Student Housing Facility: Any student housing facility that is owned or controlled by the institution, or is located on property that is owned or controlled by the institution, and is within the reasonably contiguous geographic area that makes up the campus is considered an on-campus student housing facility.
2. To whom the crimes were reported—Under the Clery Act, a crime is “reported" when it is brought to the attention of a campus security authority, the institution’s police department or campus safety office, or local law enforcement personnel by a victim, witness, other third party, or even the offender. It does not matter whether or not the individuals involved in the crime, or reporting the crime, are associated with the institution. If a campus security authority receives a report, he or she must include it as a crime report. Therefore, statistics are based on reports of alleged criminal incidents. It is not necessary for the crime to have been investigated by the police or a campus security authority, nor must a finding of guilt or responsibility be made to include the reported crime in the institution’s crime statistics.

3. The types of crimes that were reported—The Clery Act directs the disclosure of the following categories of crime statistics:
   a. Criminal Offenses—Criminal Homicide, including Murder and Nonnegligent Manslaughter, and Manslaughter by Negligence; Sexual Assault (including Rape, Fondling, Incest and Statutory Rape); Robbery; Aggravated Assault; Burglary; Motor Vehicle Theft; and Arson
   b. Hate Crimes—Any of the above-mentioned offenses, and any incidents of Larceny-Theft, Simple Assault, Intimidation, or Destruction/Damage/Vandalism of Property that were motivated by bias
   c. VAWA Offenses—Any incidents of Domestic Violence, Dating Violence, and Stalking

4. The year in which the crimes were reported—Statistics for all Clery Act crimes must be reported by the year in which the crime was reported.

This report is prepared by Dominican College Department of Public Safety and Security in cooperation with the local law enforcement agencies surrounding our campuses, student life, general counsel, Title IX, and business affairs. Each entity provides updated information on their educational efforts and programs to comply with the act. Campus crime, arrest, and referral statistics include those reported to the Dominican College Department of Public Safety and Security, student conduct advisors, campus security authorities, and local law enforcement agencies. A procedure is in place to anonymously capture crime statistics disclosed confidentially to student health services; to the campus support advisor for students; and during a pastoral counseling session or professional counseling session.

Each year, an e-mail notification is sent to all enrolled students and employees that provides the website to access this report. Copies of the report may also be obtained at the Department of Public Safety. All prospective employees may obtain a copy from the Office of Human Resources and the website address will be included on the Office of Human Resources Webpage and Handbook. All prospective students are provided with a direct link to the website to access the report.

Crime statistics for the University can also be found at the US Department of Education website at http://ope.ed.gov/security.

**Daily Crime Log and Fire Log**

The College maintains a daily crime log and a fire log for our campus which contains on-campus student housing facilities. The purpose of the daily crime log is to record all criminal incidents and alleged criminal incidents, not just Clery Act crimes. The purpose of the fire log is to record, by the date reported, any fire that occurs in an on-campus student housing facility. The crime and fire log for the most recent 60 days is open to the public for inspection during normal business hours. Portions of crime and fire logs that are older than 60 days will be made available for inspection within two business days. Information that could identify either the victim or the alleged perpetrator is excluded. To arrange a crime and fire log inspection, please contact the Director of Public Safety and Security.

**Dominican College Security Policies and Procedures**

Dominican College is a community of faculty, students and staff, joined together in a common educational endeavor. It is the policy of the College to make every effort to provide an environment conducive to that endeavor: challenging, supportive, and free of interference in the peaceable and productive use of the College’s facilities.
Access

Accordingly, access to College facilities includes only members of the College, faculty, students, staff, authorized guests of the College and its members, and those having legitimate business with the College. Security personnel of the College are authorized to challenge visitors on campus grounds or in campus buildings in circumstances where that appears to be appropriate. Members of the College should be prepared to cooperate in providing the necessary identification.

Responsibility

Campus security personnel are authorized to observe and report individuals violating the College property or the law and refer matters where appropriate to College authorities or local police agencies.

Nevertheless, security depends on the awareness and responsible action of each of us. We should all bear in mind our joint interest in the mutual security of all members of the College community. Campus security guidelines and "Do's" and "Don’ts" are distributed and are available to all students. Lectures and workshops are held annually to instruct new students and employees on College security policies and the part all individuals are asked to take in the prevention of criminal behavior and the mutual security of all. Schedules are posted throughout the year. Prompt reporting of all crimes to Campus Security, College officials and appropriate police agencies is encouraged and expected. Similarly, identification of unsafe conditions and/or related maintenance concerns is encouraged. A public "Daily Crime" log is maintained by the Director of Security. It is available for inspection, upon request, during normal business hours. The log contains any criminal activity (absent names) that may have occurred unless there are investigatory reasons for withholding this information. The Director of Security updates the College community regularly on security issues and steps to be taken in the case of another terrorist event.

Academic/Administrative Areas

Security patrols cover the Casey Hall, Cooke Hall, Forkel Hall, Granito Center, Prusmack Center and Hennessy Center areas during hours of operation. Outside of those hours the buildings are secured and admittance is not permitted.

Hertel, Rosary, and Guzmán Residence Halls

Security and public safety patrols will be present at the Residence Halls 24 hours a day.

Residents must show their College ID card when entering the building. Residents may have guests in public areas of the Residence Hall until 1:00 am. Overnight guests may be permitted if the guest is registered, with positive identification, with the Residence Life Director or Resident Assistant in the Residence Hall offices before 9:00 pm. All packages are subject to search.

A resident is responsible for the whereabouts and conduct of his/her guest for the entire time that the guest is present in the Residence Halls. Security of rooms in the Residence Hall depends on the awareness of each resident. Rooms should be kept locked when not occupied, visitors should be admitted only after identification, and unauthorized persons should be reported. Exterior doors of the building are kept locked, and should not be tampered with or held open by any device. All bags are subject to inspection.

Annual Fire Safety Report

The College publishes this fire safety report as part of its annual Clery Act Compliance document, via this brochure, which contains information with respect to the fire safety practices and standards for DC. This report includes statistics concerning the number of fires, the cause of each fire as well as the number of injuries and deaths related to a fire. The compliance document is available for review 24-hours a day on the College’s website at http://www.dc.edu/health-safety-wellness/security/989-2/

If a fire occurs in a DC building, community members should immediately notify 911. If a member of the College community finds evidence of a fire that has been extinguished, and the person is not sure whether security has already responded, the community member should immediately notify security, facilities, or residence life to investigate and document the incident.

The fire alarms alert community members of potential hazards and community members are required to heed their warning and evacuate buildings immediately upon hearing a fire alarm in a facility. Use the nearest stairwell and/or exit to leave the building immediately. Community members should familiarize themselves with the exits in each building. The Fire Marshall can levy fines and penalties to individuals who fail to evacuate a building promptly – but a more important reason for evacuating is for safety reasons. Fire drills are conducted quarterly. DC does not allow portable electrical appliances, smoking, and open flames in student housing facilities.

When a fire alarm is activated, the elevators will default to the ground floor and remain non-operational until they are reset. Occupants should use the stairs to evacuate the building. If you are caught in the elevator, push the emergency phone button. The purpose of periodic fire drills is familiarizing the College community with active alarms, evacuation routes, and instructions and guidelines for evacuation.

### Fire Safety

Fire Safety is an important part of the daily activities at Dominican College. Fire drills are conducted in accordance with requirements prescribed by the NYS Office of Fire Prevention and Control. Routine inspections are conducted by Dominican College Staff in addition to those conducted by the NYS Office of Fire Prevention and Control.

#### Fire Alarm Procedures / Fire Evacuation

**R** – Rescue and relocate anyone in immediate danger.
A – Alert others by activating the building fire alarm system and calling 914-403-7531 from a safe location.
C – Confine the emergency by closing the doors.
E – Evacuate immediately. Do not use elevators. Use stairs. If there is smoke in the corridor, stay in room, close and seal doors, call 914-403-7531 and stand by the windows.

YOUR GOAL IS TO GET OUT SAFELY
If you cannot get out, follow the appropriate steps below

- Before opening any doors, feel the door first. If it is hot, don’t open the door. If it isn’t hot, brace yourself against the door, open it slightly, and if heat or heavy smoke is present, close the door and leave by an alternate exit.
- If you can’t leave the room, keep the door closed. Open the windows from the top to let out heat and smoke AND from the bottom to let in fresh air. Seal the bottom of your room door and any air vents with a rug, blanket, or towel. Then hang a light colored object (towel, bed sheet, shirt, etc.) out the window to attract the fire department’s attention. If there is a phone in the room, call 914-403-7531 and report that you are trapped. Be sure to give your building name and location. Do not hang up until the dispatcher tells you to.
- If you can leave the room, leave a light on and close all the doors behind you. Leave all materials in your room or office to avoid wasting time. Take your key in case you cannot reach an exit and you have to return to your room.
- Go to the nearest exit or stairway. If the first exit is blocked, go to an alternate exit or stairway.
- **Never use an elevator during a fire emergency.** A mechanical or electrical failure could leave you trapped at the fire floor or between floors.
- If you are not able to self-evacuate proceed to an enclosed stairwell if available in your building. If you go to an enclosed stairwell, be sure to position yourself so as not to block or impede pedestrian flow or access to the stairwell.
- If you go to a stairwell or remain in a room, call Campus Security at 914-403-7531, giving your exact location – building, floor and stairwell/room number.
- If all exits are blocked, go back to your room, close the door, and open the window, as previously described.
- Stand clear of the area after evacuating to give emergency apparatus and personnel room to maneuver. Go to a designated meeting area and stay there. If possible, call Campus Security at 914-403-7531 and give as much information as possible.
- Each person not involved in the emergency procedures should follow the directions of the fire department, Campus Security, and other emergency personnel.
- No persons may re-enter an evacuated building until permitted to do so by Campus Security.
- Each student and employee has the responsibility of knowing the location of the fire alarm station, fire extinguisher, and primary and secondary exit routes for primary place of occupancy while on College property. Should a fire be discovered or suspected, a fire alarm should be sounded immediately. If time permits, call Campus Security at 914-403-7531 and activate the pull station.
- If you discover or suspect a fire, sound the building fire alarm immediately. All fires, even small ones, must be reported to Campus Security immediately.
- When an alarm sounds; every building occupant shall evacuate the building immediately. Treat every alarm as an actual emergency.
- Be especially aware of handicapped persons in your building. They may need your help to reach a point of safety such as a stairwell. Report to the command post the location of the handicapped individual.
- Rescue others only if you can do so safely.

Pre-Emergency Preparation

- All members of the College community should become thoroughly familiar with their facility and the location of all its exits and areas of refuge.
- They should become familiar with the distinct sound of the fire alarm signal.
- They should seek out volunteers (buddy system) who might be able to assist them in an emergency.
- If wheelchair-confined, they should know the safest method people can use to assist them, and they should know how many people are needed to provide such assistance.
• Every person who is mobility-impaired as well as communication-impaired should place a sign on their wheelchair providing instructions on how they can be assisted. They should carry a loud whistle, horn, or similar device to alert people of their location if they become trapped or isolated.

Assisting an Individual with Disabilities
Under the assumption that Campus Security will be the first responders to any fire incident, the Campus Security department should be made aware, on an on-going basis, of those persons with significant physical disabilities working, studying or living in any College facility.

Responsibility of Individuals with Mobility Impairment
It is critical to the health and safety of mobility-impaired persons that they are knowledgeable of their needs during an emergency evacuation. They should be expected to convey these needs to their professor, or supervisor, at the beginning of their employment or academic year. In the event of a fire emergency, an individual with mobility impairment may choose one of the following alternatives:

• Proceed to an enclosed stairwell, accompanied by a partner or —buddy and wait inside the stairwell. Remain in the stairwell until the responding fire department arrives and safely completes the evacuation.
• Defend in place. Seek refuge in rooms or sections of a building, that by virtue of its construction associated with the location of the fire, will provide a safe area for persons to remain during a fire until rescue is made. The door should be kept closed. If possible, individuals should call Campus Security to advise them of their location.

Mobility Impaired – Wheelchair
Individuals who use a wheelchair may need to be evacuated with the wheelchair particularly, if they use a respirator. During an emergency evacuation, it is preferable for someone to remain with and assist the non-ambulatory person if the “buddy” can do so safely.

Fire Safety Education and Training Programs
Fire safety education and training are ongoing endeavors at Dominican College. New employees are provided the following information in their new employee packets; Emergency Plan Action Sheet, Evacuation Procedures, and the Emergency Framework Booklet.

Resident Life Professional Staff, Resident Assistants and Campus Safety Employees are provided fire safety training in partnership with the Orangetown Fire Department which is the local fire department. Additional Fire Safety Training is conducted as part of the annual RA Training Program.

Resident Students are provided initial fire safety training as part of the “move in weekend” programs. Additional fire safety training/refresher is provided during the year as needed. For the calendar year 2019 there were 12 fire drills conducted in student housing.

Unit Visits/Safety Inspections
Resident Assistants and Public Safety Officials make daily visits to student resident units during the academic year. The purpose of these visits is to develop community and positive relationships for our students. In addition the Resident Assistants and Public Safety Officials are trained to look for violations of the campus policies and general safety concerns, this includes but is not limited to; fire safety, alcohol and drug policies, health and welfare issues as well as general code of conduct concerns. Residents are given a list of prohibited items in their housing packets prior to move in weekend and are instructed to the rally point for fire alarms on move in weekend. Facilities Staff are also advised to be alert for safety concerns during routine maintenance and unit inspections. On the spot corrections are made as appropriate during all visits and inspections. If further attention is needed the appropriate department is notified.
Building Evacuations

All building evacuations will occur at a fire alarm or upon notification from authorized personnel. All personnel will evacuate to at least 500 feet from the building. All exits are clearly marked. Once a building is evacuated, people may not re-enter until approval is given by the College President. In the President’s absence, the Director of Public Safety and Security, Facilities Manager, Dean of Students, or the Chief of Orangeburg Fire Department shall act as the Official College Representative.

Upon Discovery of a Fire or Other Significant Emergency:

- A building evacuation will occur when a fire alarm sounds, or upon notification from Security.
- Evacuation Monitors or other Dominican College officials will: Announce evacuation in a clear, calm voice; Oversee orderly evacuation of room; Shut doors and windows and turn lights off (if time allows); Escort evacuees to designated assembly area. Resident Assistant is the last to leave a given zone of responsibility. Evacuees will go to and remain at designated assembly area until released by authorized Dominican College official (President, Director of Security, Facilities Manager, Dean or Students or the Chief of Orangeburg Fire Department).

At all doorways, evacuees will look both ways to determine direction of emergency and then proceed with evacuation. Do not use elevators to evacuate building. For persons who are unable to vacate the building, an Emergency intercom is located in each Elevator Safe Area.

Emergency Evacuation for Persons with Disabilities:

This section provides a general guideline of evacuation procedures for persons with disabilities who may have difficulty exiting during fire and other building emergencies. Faculty, staff, students, and visitors with disabilities must develop their own evacuation plans and identify their primary and secondary evacuation routes from each building they use.

- Be familiar with evacuation options.
- Seek evacuation assistants who are willing to assist in case of any emergency.
- Ask Supervisors, Faculty, Disabled Students Services, Department of Public Safety and Security, or Department of Facilities about evacuation plans for buildings.

General Evacuation Guidelines for People with Disabilities (Mobility Related):

Do not use elevators unless authorized to do so by police or fire personnel. If the situation is life threatening, call 9+ 9-1-1 from a campus telephone, or 9-1-1 from a non-campus or pay telephone.

All emergency exit corridors and stairwells are resistant to fire and smoke for approximately two hours. These are the safest areas during an emergency evacuation. Disabled persons are advised to proceed to them. Rescue personnel are instructed to check all exit corridors and stairwells first for any stranded persons.

If people are in immediate danger and cannot be moved to a safer area to wait for assistance, it may be necessary to evacuate them using either an evacuation chair or carry technique. Do not evacuate the disabled in their wheelchairs unless circumstances require. This is standard practice to ensure the safety of disabled people and volunteers. Attempt a rescue evacuation only if you have had rescue training or the person is in immediate danger and cannot wait for professional assistance. Consider your options and the risks of injuring yourself and others in an evacuation attempt. Do not make an emergency situation worse.

Evacuation Options for Individuals with Disabilities (Mobility Related):

In order to meet the guidelines listed above, there are three basic evacuation options;

- **Horizontal** Evacuation: using building exits to the outside ground level.
- **Stairway** Evacuation: using steps to reach ground level exits from the building.
- **Shelter-in-Place**: unless danger is imminent, remain in a room with an exterior window, a telephone, and a solid or fire resistant door. With this approach, the person may keep in contact with emergency services by dialing 94+ 9-1-1 and reporting his or her location directly to Dominican College security or other emergency personnel. Emergency services will immediately relay this location to onsite emergency personnel who will determine the necessity for evacuation. Phone lines are expected to remain in service during most building emergencies. If the phone lines fail, the individual can signal from the window waving a cloth or other visible object.

A specific Resident Assistant will be assigned to respond to a disabled student’s room upon notification of an emergency.
**Specific Guidelines for Unique Circumstances (Non-Mobility Related)**

Prior planning and practicing of emergency evacuation routes are important in assuring a safe evacuation.

**Persons Who Are Not Able to Exit Using Stairs:**

Persons using wheelchairs may evacuate horizontally into another building. Stairway evacuation of wheelchair users should be conducted by trained professionals e.g. Orangeburg Fire Department. Only in situations of extreme danger should untrained people attempt to evacuate wheelchair users. Moving a wheelchair down the stairs or moving an individual needing assistance should be consulted about the proper way to move him/her.

Persons with mobility impairments, reduced lung capacity, severe back ailments, heart disease, or other conditions that may cause him/her to navigate stairs slower than those without one of these conditions may be able to negotiate stairs in an emergency with minor assistance.

**Deaf and Hearing Impaired:**

Deaf and hearing impaired persons may not hear audible fire alarms. Get the attention of a person with a hearing disability by touch or eye contact, or by turning the light switch on and off. Do not use the light switch method if you smell natural gas in the area. Clearly state the problem. Be prepared to write a brief note to advise of the situation and evacuation instructions.

A designated Resident Assistant will respond to a deaf and hearing impaired student’s room upon notification of an emergency.

**Visually Impaired:**

- Tell the person the nature of the emergency. Give verbal instructions to advise about the safest route or direction using estimated distances and directional terms.
- Do not grasp a visually impaired person’s arm. Offer your arm for guidance.
- As you walk, tell the person where you are and where obstacles are located. When you reach safety, orient the person to the location and ask if further assistance is needed.

**Primary Assembly Area & Command Post**

Evacuees will assemble in the Hennessey Center directly in the parking lot entrance off Western Highway. Keep streets, fire lanes, hydrants, and walkways clear for emergency personnel. Evacuation monitors will report completion of evacuation to Security or other designated Dominican College Official at the assembly area and remain there until released by a College Official. **Evacuees may be requested to move to an alternate site.** Names of persons not accounted for in the evacuation are to be given immediately to the Director of Security. A designated official will remain at the Emergency Operations Center at Casey Hall to facilitate communications with Dominican College Administrators, Evacuation Monitors, etc.

**Classrooms Emergency Procedures For Faculty**

Faculty and Adjuncts are expected to:

- Provide their classes or audiences with general information relating to emergency evacuation procedures. This information should be shared during the first week of class or at the start of a seminar.
- Know how to report an emergency from the classroom being used.
- Assure that persons with unique needs have the information they need. The faculty member should be familiar with the procedures for individuals with mobility challenges and be able to direct visitors with different needs.
- Take responsible charge of the classroom and follow emergency procedures for all building alarms and emergencies.

**As a faculty member, what do I need to know about Emergency Preparedness?**

The faculty member is usually seen as an authority figure for the student, and can influence how the student responds in an emergency. Calm, collected, and clear directions given by the faculty member will have a calming effect on the students. Knowledge of the emergency evacuation procedures will enable the faculty member to promote orderly and safe evacuations.

1. **Emergency evacuation and Operations Plan (EEOP):** The College has a written emergency plan covering specific procedures for personnel to follow in case of an emergency. The department plans will focus on very specific issues and
procedures for their offices and employees. These plans will cover events such as: fire, earthquake, power outage, bomb threat, severe weather etc. Faculty will find it helpful to review both the Emergency Management Plan, and the College’s evacuation procedures to see if the plans differ from the general information provided in this section.

2. **Emergency Assembly Points:** After the class leaves the alarmed building or area, it is important for them to go across the street and away from the building where the emergency is occurring. Additionally, faculty should instruct the students to neither interfere with responding emergency services nor place themselves at risk of injury from the emergency. The faculty member should report to Dominican College Security or other emergency personnel if someone from their class has not evacuated the building.

3. **Evacuation for Persons with Mobility Challenges:** If there is a person with a unique need in the class, the faculty member should be knowledgeable of the evacuation procedures. Options are available to persons with mobility challenges: (See section entitled, “Emergency Evacuations for Persons with Disabilities.”)

4. **Reporting to emergency Response Individuals:** After exiting, the faculty member should inform emergency personnel of individuals with disabilities who are waiting to be evacuated or of individuals who are trapped in locations within the building.

5. **Fire Alarms:** Fire Alarms will be a sound of a slow whoop, horn, or bell and may include strobe lights for people with hearing disabilities. When the alarm sounds, everyone must exit the alarmed area according to the evacuation plan. **Everyone must evacuate immediately!** Individuals who need assistance during an evacuation are encouraged to self-identify and discuss their needs with someone in advance who might assist them in leaving the building and/or who will inform emergency personnel of their presence and where they are located so that further assistance can be provided.

6. **Earthquakes:** Interior items falling on the building occupants such as books, shelves, light fixtures, ceiling tiles and office equipment, cause most of the injuries that occur during earthquakes. Consequently, the first thing to do during an earthquake is to have everyone drop to the floor, cover his or her head, and hold that position. After the shaking stops, and if there is building damage, tell the class to collect its possessions and calmly evacuate the building. Caution them to watch for brick and other exterior building materials that may have been knocked loose by the earthquake.

7. **What to expect in a Power Outage:** If the power goes out during class, have the students stay in their seats for a short period and wait for the power to return. If the power does not return in a reasonable length of time (e.g. 30 minutes), then evacuate the classroom or laboratory. The evacuation route chosen should take advantage of available lighting unless the building is in alarm, and then use the same evacuation procedures as during a fire. Caution students that there is no rush and they should take their time exiting the building. Emergency lighting may or may not be functioning in the classroom, hallway, or stairways.

8. **How to Report an emergency:** Check each classroom, lecture hall, or laboratory for the nearest working telephone, the nearest life safety (fire) alarm pull station, and the nearest fire extinguisher.

**Orangeburg Fire Department**
Activate Fire Alarm, Pull Station, and if possible, call 9-1-1 or 845-359-5587

**South Orangetown Ambulance 845-359-3030**
Hazardous Material Spill

**Facility or Utility Failure**
Orange & Rockland Utilities, 877-434-4100

**How often are fire evacuation drills held, and what should I do if there is a drill during my class?**
1. Fire evacuation drills are held on a routine basis throughout the College. Each academic building will have two fire evacuation drills per calendar year. There should be one drill per semester.
2. Anytime you hear an alarm you should immediately evacuate using the exit nearest to your location. If there is an alarm (whether a scheduled drill or not), it is expected that you will evacuate and will instruct others to do so as well.
3. During an alarm you should follow the guidelines mentioned earlier in this document.
4. Fire evacuation drills are done quarterly in the dorms. Three daylight drills and one nighttime drill. Each dorm has a minimum of four drills a year. There were twelve (12) fire drills in total for all dorms in 2019.
Emergency Evacuation Drill

An evacuation drill is coordinated by Department of Facilities, Department of Public Safety and Residence Life each semester for all residential facilities on campus. The emergency response and evacuation procedures are tested quarterly. Students learn the locations of the emergency exits in the buildings and are provided guidance about the directions they should travel when exiting each facility for a short-term building evacuation. We do not tell residents in advance about the designated locations for long-term evacuations because those decisions are affected by time of day, location of the building being evacuated, the availability of the various designated emergency gathering locations on campus, and other factors such as the location and nature of the threat. In both cases, Public Safety, Facilities, and Residence Life staff on the scene will communicate information to students regarding the developing situation or any evacuation status changes.

The purpose of evacuation drill is to prepare building occupants for an organized evacuation in case of a fire or other emergency. At DC, evacuation drills are used as a way to educate and train occupants on fire safety issues specific to their building. During the drill, occupants “practice” drill procedures, and familiarize themselves with the location of exits and the sounds of the fire alarm. Flyers with educational information are distributed to residents re-entering a facility immediately after an evacuation drill. In addition to educating the occupants of the building about the evacuation procedures the drill process also provides the College an opportunity to test the operation of fire alarm system components.

Evacuation drills are monitored the College Department of Facilities, the College Public Safety Department and Residence Life Staff to evaluate egress and behavioral patterns. Reports are prepared by participating departments which identify deficient equipment so that repairs can be affected immediately. Recommendations for improvements are also submitted for consideration.

Students receive information about evacuation and shelter in place procedures during their first floor meeting and during other educational sessions that they can participate in throughout the year. Residence Life Staff members are trained in these procedures as well and act as an ongoing resource for the students living in residential facilities.

The Department of Facilities and the Department of Public Safety conduct announced and unannounced drills and exercises each year and conducts follow-through activities, designed for assessment and evaluation of emergency plans and capabilities. Fire drills are done quarterly in residential facilities. Three daylight and one nighttime drill. Each dorm has a minimum of four drills a year. There were twelve (12) fire drills in total for all dorms in 2019.

Shelter-in-Place Procedures – What it means to “Shelter-in-Place”

If an incident occurs and the buildings or areas around you become unstable, or if the air outdoors becomes dangerous due to toxic or irritating substances, it is usually safer to stay indoors, because leaving the area may expose you to that danger. Thus, to “shelter-in-place” means to make a shelter of the building that you are in, and with a few adjustments this location can be made even safer and more comfortable until it is safe to go outside.

Basic “Shelter-in-Place” Guidance

If an incident occurs and the building you are in is not damaged, stay inside in an interior room until you are told it is safe to come out. If your building is damaged, take your personal belongings (purse, wallet, DC One card, etc.) and follow the evacuation procedures for your building (close your door, proceed to the nearest exit, and use the stairs instead of the elevators). Once you have evacuated, seek shelter at the nearest College building quickly. If police or fire department personnel are on the scene, follow their directions.

How You Will Know to “Shelter-in-Place”

A shelter-in-place notification may come from several sources, including security, Housing Staff members, other College employees, Orangetown PD, or other authorities utilizing the College emergency communications tools.

How to “Shelter–in-Place”

No matter where you are, the basic steps of shelter-in-place will generally remain the same. Should the need ever arise, follow these steps, unless instructed otherwise by local emergency personnel:

1. If you are inside, stay where you are. Collect any emergency shelter-in-place supplies and a telephone to be used in case of emergency. If you are outdoors, proceed into the closest building quickly or follow instructions from emergency personnel on the scene.
2. Locate a room to shelter inside. It should be:
- An interior room;
- Above ground level; and
- Without windows or with the least number of windows. If there is a large group of people inside a particular building, several rooms maybe necessary.

3. Shut and lock all windows (tighter seal) and close exterior doors.
4. Turn off air conditioners, heaters, and fans.
5. Close vents to ventilation systems as you are able. (College staff will turn off the ventilation as quickly as possible.)
6. Make a list of the people with you and ask someone (house staff, faculty, or other staff) to call the list in to security so they know where you are sheltering. If only students are present, one of the students should call in the list.
7. Turn on a radio or TV and listen for further instructions.
8. Make yourself comfortable.

Emergency Response Framework

Dominican College (D.C.) recognizes the importance of an integrated plan to ensure that our mission will continue in the event of an emergency. When an emergency occurs, response actions are guided by D.C.’s overriding emergency goals to primarily protect life and the safety of the college’s students, faculty, staff and guests, and secondarily to protect the surrounding environment and College assets. The Emergency Framework (EF) outlines the college’s procedures for managing major emergencies that may threaten the health and safety of our campus community or disrupt College programs and operations. At Dominican College, emergency preparedness responsibilities are shared throughout the college.

Purpose
The purpose of the Dominican College Emergency Framework is to establish guidelines, assign responsibilities and promote awareness in responding to emergencies that may affect the D.C. Community. Additionally, the framework is designed to provide guidelines to assist those affected in dealing with crises, to coordinate with external entities and to provide resources to expedite the return to normal operations with minimal negative impact. This framework was created to complement plans that have been developed on the national, state, county and town levels.

Emergency Framework Summary
The Dominican College Emergency Framework establishes the structure, processes and protocols for the College’s response to major emergencies that could threaten the health and safety of the campus community or disrupt college programs and operations. The following emergencies which may affect Dominican College Campus include but are not limited to: fire and explosion, extended power failure, hazardous materials release, adverse weather conditions, workplace violence, bomb threat, hostage situation, and localized flooding.

Any college official can make an emergency decision. However, if timing allows, the Director of Campus Safety and Security (DCSS) will serve as the Incident Commander (IC) during an emergency. In the absence of the DCSS, the Assistant Director of Campus Safety and Security (ADCSS) will serve as the IC or the Facilities Manager (based on the emergency). **The DCSS or any cabinet member can authorize the closing of the college in an emergency if an immediate decision is needed and the president of the college is not available.**

The Incident Commander will assess the emergency and initiate an external emergency response by notifying any appropriate public emergency response agencies. The Incident Commander will also alert and assemble the Emergency Operations Team (EOT) as appropriate.

Levels of Emergencies: The EF is designed to provide guidelines for responding to a variety of incidents and emergencies that affect Dominican College. Not all emergencies require the same degree of response and each incident will be evaluated on a case by case basis. The designated level for an incident may change as emergency conditions intensify or ease.

**Level 1 (Minor Emergency)** – A **minor, localized department or building incident** that is quickly resolved with college resources or limited outside help. A Level 1 Emergency has little or no impact on personnel or normal operations outside the locally affected area. Level 1 Incidents do not require assembly of the Emergency Management Team (EMT) or activation of the Emergency Operations Center (EOC).
Level 2 (Major Emergency) – A major emergency that disrupts sizeable portions of the campus. Level 2 emergencies may require assistance from external organizations. These events may escalate quickly and have serious consequences for mission critical functions and/or life/safety. Examples include: serious crimes on campus, major fires, deaths or partial infrastructure failure. The College Incident Commander (IC) determines whether to assemble all or part of the EMT and if the EOC requires full or partial activation.

Level 3 (Disaster) – An incident impacting the entire campus. Normal college operations could potentially be suspended. The impact of the emergency is wide-ranging and complex. A timely resolution of disaster conditions requires college wide coordination and extensive cooperation. The EMT is activated and assembles.

Emergency Management Team (EMT):
President – Sr. Mary Eileen O’Brien
Vice President of Student Development – John Burke
Vice President of Financial Affairs – Anthony Cipolla
Vice President of Academic Affairs- Thom Nowak
Vice President of Enrollment– Brian Fernandes
Vice President for Institutional Advancement – Joseph Valenti
Director of Human Resources – Marybeth Broderick
Director of Public Safety and Security – John Lennon
Facilities Manager – Agron Gashi
Director of Residence Life – Joseph Dratch
Assistant Director of Public Safety- James Corrigan

Incident Command System
Management of significant emergency incidents by Dominican College is accomplished through implementation of a response framework as specified by the Federal Emergency Management Agency (FEMA) using the Incident Command System (ICS). ICS is recognized as the standard for management of crisis incidents in New York State. This framework will enhance the college’s ability to respond successfully, resume the academic program and maintain business continuity in an emergency. The ICS format will also allow the D.C. Community to successfully interact with local emergency responders as needed. Since every scenario cannot be predicted, an emergency response plan must be able to adapt quickly to incidents as they unfold.

Annually, the college conducts an emergency management exercise to test emergency procedures. The scenarios for these exercises may change from year to year, and include several departments from across the campus. To ensure the college’s emergency management plans remain current and actionable, the college will conduct an emergency management exercise, at a minimum once yearly. These exercises may include table top drills, emergency operations center exercises or full scale emergency response exercises. The college conducts after action reviews of all emergency management exercises.

In conjunction with at least one emergency management exercise each year, the college will notify the Dominican College community of the exercise and remind the community of the information included in the colleges’ publicly available information regarding emergency response procedures.

Investigation of Violent Felonies
Upon notification to Campus Security regarding a violent felony offense occurring on campus the primary goals are the well being of the victim and the insurance of prompt medical treatment. The Director of Security and the Orangetown Police Department are to be immediately contacted to respond to the scene and investigate the offense. The Director of Security will assist O.P.D. in the identification and apprehension (if possible) of person(s) responsible; assist in the identification of eyewitnesses and gathering statements; assist in the preservation of evidence and safeguarding the crime scene.

Notification to the College Community about an Immediate Threat
The Department of Public Safety and Security, Facilities Department, and the Media Relations Office receive information from various offices/departments on campus. If DC Public Safety Department, Facilities, or Media Relations Office (PSFMR) confirms that there is an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the College community, PSFMR will collaborate to determine the content of the message and will use some or
all of the systems described below to communicate the threat to the College Community. PSFMR will, without delay and
taking into account the safety of the community, determine the content of the notifications and initiate the notification
system. This will take place unless issuing a notification will, in the judgment of the first responders (including, but not limited
to: DC PSFMR, the Orangeburg Police Department), a response will hamper or otherwise escalate the emergency situation.

In the event of a serious incident which poses an immediate threat to the College community, the College has various
systems in place for communicating information quickly to those individuals. Some or all of these methods of communication
may be activated in the event of an immediate threat to the College community. These methods of communication include
network emails, emergency text messages that can be sent to a phone or PDA (individuals can sign up for this service on the
Campus Advisories Website), the Alertus Beacon system or digital signage. The College will post updates during a critical
incident on the College Campus Advisories website at http://www.dc.edu. Individuals can call DC’s recorded information
telephone line at (845)359-7800 for updates. DC Public Safety Officials equipped with megaphones can be strategically placed
throughout the campus to facilitate communication. Members of larger community who are interested in receiving
information about emergencies on campus should use the emergency text message system and should use the Campus
Advisories website and the (845)359-7800 line for obtaining updates in the event of an emergency on campus.

Emergency Alert System Testing/Emergency Drill
An announced test of the Omnilert System, Alertus Beacon system and Digital Signage program was conducted on June 11,
2019. The test was conducted by Dominican College Public Safety, Facilities, Information Technology, and Residence Life. All
systems performed correctly. On Wednesday August 22, 2019 an emergency preparedness drill was conducted at Dominican
College. The drill was coordinated by the Directors of Public Safety and Facilities, Orangetown Police Department Office of
Emergency Management, and the Rockland County Sheriff’s Department.

Dominican College Emergency Notification
Dominican College uses the following methods to alert the college community in the event of the emergency:

- Omnilert – text, phone and email notification
- Dominican College Email System
- A message posted on the WWW.DC.EDU Home Page.
- Postings and notifications in buildings.
- Fire Alarms in buildings
- Dominican College Phone System
- Alertus Beacon System
- Digital signage

One or any combination of the above methods will be used to notify the college community upon the confirmation of
a significant emergency or dangerous situation involving an immediate threat to the health and safety of students,
faculty and staff occurring on the campus. Dominican College will without delay, and taking into account the safety of
the community, determine the content of the notification and initiate the notification system, unless issuing a
notification will, in the professional judgment of the responsible authorities, compromise efforts to assist a victim or to
contain, respond to or otherwise mitigate the emergency.

The Public Safety and Security Department and/or other campus first responders may become aware of a critical
incident or other emergency situation that potentially affects the health and/or safety of the campus community. Generally Public Safety Officials become aware of these situations when they are reported to the Public Safety
Department or upon discovery during patrol or other assignments.

Once Public Safety Officials confirm that there is in fact, an emergency or dangerous situation that poses an immediate
threat to the health or safety of some or all members of the campus community, Public Safety Officials, or other
authorized college representatives, will initiate an emergency notification through the Director of Public Safety and
Security or other authorized college representatives. Confirmation of the emergency or dangerous situation may be
done through one or a combination of means; visual observation, audio detection, camera surveillance, and reports
from college officials The college’s authorized representatives, there are a number of Dominican College Officials authorized to activate the emergency notification system, will immediately initiate all or some portions of the colleges emergency notification system. Authorized representatives are Vice President of Academic Affairs, Vice President of Enrollment, Vice President & Dean for Student Development, Associate Dean of Student Development and the Assistant Director of Public Safety and Security. If, in the professional judgment of the first responders, issuing a notification potentially compromises efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency, the college may elect to delay issuing emergency notifications. As soon as the condition that may compromise efforts is no longer present, the college will issue a notification to the campus community advising them the condition is no longer present.

Dominican College and/or local first responders on the scene of a critical incident or dangerous situation will assist those preparing the emergency notification with determining what segment or segments of the college community should receive the notification. Generally the campus community members in the immediate area of the dangerous situation will receive the notification first. The college may issue subsequent notifications to a wider group of community members. In addition to the emergency notification that may be issued via the college mass notification system, the college may also post applicable messages about the dangerous condition on the college homepage to ensure the rest of the campus is aware of the situation and the steps they should take to maintain personal and campus safety. If the emergency affects a significant portion of the entire campus, college officials will distribute the notification to the entire campus community.

The office responsible for issuing the emergency notification (usually the Campus Public Safety Department) will, in concert with college and/or local first responders, determine the contents of the notification. The college has developed a wide range of template messages addressing several different emergency situations. The individual authorizing the alert will select the template message most appropriate to the ongoing situation and modify it to address the specifics of the present incident. In those cases where there are no predetermined template messages in the system, the individual authorizing the alert will develop the most succinct message to convey the appropriate information to the community. The goal is to ensure that individuals are aware of the situation and they know the steps to take to safeguard their personal and community safety.

Omnilert is an “opt out system”. All current students, faculty and staff are enrolled in the system with their Dominican College Email as the primary contact. Students, faculty and staff are provided information on how to add additional means of notification in the Omnilert system. ** - Clery Act Geography:

**On Campus** - Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution’s educational purposes, including residence halls; and any building or property that is within or reasonably contiguous to the area identified in paragraph (1) of this definition, that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or other retail vendor).

**Public Property** - All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus.

**Non-Campus** - Any building or property owned or controlled by a student organization that is officially recognized by the institution; or any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution’s educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.

**TIMELY WARNING**

The Dominican College Public Safety and Security Department will post Timely Warning Notices for the College Community to notify members of the community about serious crimes against people or property that occur on campus, where it determined that the incident may pose an on-going threat to members of the D.C. community.

Dominican College will use one or any combination of the following methods to issue a Timely Warning Notice:

- Omnilert – text, phone and email notification
- Dominican College Email System
- A message posted on the WWW.DC.EDU Home Page.
- Postings and notifications in buildings.
- Dominican College Phone System
- Alertus Beacon System
- Digital signage

The Public Safety and Security Department does not issue timely warnings for the above listed crimes if:

1. The subject(s) is apprehended and the threat of imminent danger for members of the DC community has been mitigated by the apprehension.
2. If a report was not filed with the Public Safety and Security Department or if the Public Safety and Security Department was not notified by campus officials in a manner that would allow the department to post a “timely” warning for the DC community. A general guideline will include a report that is filed more than five days after the date of the alleged incident may not allow the department to post a “timely” warning to the community. This type of situation will be evaluated on a case by case basis.

The Public Safety and Security Department also maintains a daily crime log which is normally updated each business day and contains all crimes reported to the Public Safety and Security Department.

**EMERGENCY NOTIFICATION**

The Dominican College Public Safety and Security Department will post Emergency Notifications for the College Community to notify members of the community for an event that is currently occurring on or imminently threatening the campus. Dominican College Public Safety and Security Department will initiate emergency notification procedures for any significant emergency or dangerous situation occurring on the campus involving an immediate threat to the health or safety of students, employees and visitors. Additionally emergency notifications will be posted for other crimes/incidents that are determined appropriate by Vice President of Student Development, Director of Public Safety and Security Department or Assistant Director of Public Safety and Security Department.
Dominican College will use one or any combination of the following methods to issue an Emergency Notification:

- Omnilert – text, phone and email notification
- Dominican College Email System
- A message posted on the WWW.DC.EDU Home Page.
- Postings and notifications in buildings.
- Fire Alarms in buildings
- Dominican College Phone System
- Alertus Beacon System
- Digital signage

Sexual Misconduct Policy

I. Introduction

Dominican College (“the College”) is committed to providing a safe and inclusive environment for all members of the College community that is free from sexual misconduct. The College is committed to providing options, support, and assistance to victims/survivors of sexual misconduct to ensure that each member of the College community can freely participate in all College programs, activities, and employment.

In furtherance of those goals, the College has developed this Policy to define prohibited sexual conduct, establish a mechanism for determining when sexual misconduct has taken place, and provide recourse for members of the College community whose rights have been violated.

This Policy is intended to be consistent with the College’s obligations under Title IX of the Education Amendments Act of 1972 (“Title IX”); the Clery Act, as amended; the Violence Against Women Reauthorization Act of 2013 (“VAWA”); and, New York Education Law Article 129-B.

II. Prohibited Conduct

A. The College prohibits sexual misconduct, an umbrella term that is used to encompass unwanted or unwelcome conduct of a sexual nature that is committed without valid consent. Sexual misconduct includes sex discrimination/gender discrimination, sexual harassment/gender-based harassment, sexual assault, stalking, dating violence, domestic violence, and sexual exploitation, as defined below. Sexual misconduct and all acts of sexual misconduct, as set forth below, are strictly prohibited under this Policy.

1. Sex Discrimination/Gender Discrimination: Actions that deprive a member of the College community of educational or employment access, benefits, or opportunities because of that individual’s sex or gender.

2. Sexual Harassment/Gender-Based Harassment (Hostile Environment): Unwelcome verbal or physical conduct of a sexual nature that has the effect of unreasonably interfering with an individual’s work or academic performance or that creates an intimidating, hostile, or offensive working, educational, or living environment.
3. Sexual Harassment/Gender-Based Harassment (Quid Pro Quo): Unwelcome sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature when submission to or rejection of such conduct results in adverse educational or employment action or the threat of such action or limits or denies an individual’s educational or employment access, benefits, or opportunities.
4. Sexual Assault: Unwanted or unwelcome touching of a sexual nature, including hugging, kissing, fondling, oral sex, anal intercourse, vaginal intercourse, or other intentional sexual contact that occurs without clear, knowing, valid, and voluntary consent and/or by force.
5. Stalking: A pattern of repeated and unwanted attention, harassment, contact, or any other course of conduct directed at a specific person that makes that person afraid or concerned for his or her safety.
6. Dating Violence: Violence or the threat of violence committed by a person who is or has been in a social relationship of a romantic and/or intimate nature with the survivor/victim.
7. Domestic Violence: A pattern of abusive behavior in a social relationship of a romantic and/or intimate nature that is used by one partner to gain or maintain control over another intimate partner.
8. Sexual Exploitation: Non-consensual and/or abusive sexual advantage taken towards an individual to benefit anyone other than the individual being exploited. Sexual exploitation includes, but is not limited to invasion of sexual privacy, engaging in voyeurism, and non-consensual video- or audio-taping of sexual activity.

B. Sexual misconduct may occur between people of the same sex or between people of different sexes and may occur regardless of either person’s gender expression, gender identity, or sexual orientation.

C. This Policy applies to conduct that occurs:
   1. on campus; and,
   2. off campus, if:
      a. in connection with a College program or activity, including a College-sponsored study abroad program; or,
      b. the underlying behavior is reasonably believed to pose a threat of harm to an individual or the campus community in general; or,
      c. the underlying behavior may have the effect of creating a hostile environment for any member of the College community.

D. Retaliation is also prohibited under this Policy. Retaliation occurs when an adverse employment or educational action is taken against a member of the College community because of that individual’s participation in a complaint or investigation of a violation under this Policy. The College may investigate and/or sanction retaliation prohibited under this Policy regardless of where the retaliation took place, so long as the retaliatory acts were conducted as a result of or in connection with an individual's participation in a complaint or investigation of a violation under this Policy.

E. It is a violation of this Policy for anyone knowingly to make false accusations of discrimination or harassment. A determination that a complaint is not meritorious, however, is not necessarily equivalent to a false allegation and a finding for the responding party does not necessarily constitute a finding that the complaint was in bad faith.

F. The College prohibits members of the faculty, administration, or staff from engaging in a dating or sexual relationship, whether or not consented to, with a student or employee whom the faculty, administrator, or staff member either instructs, evaluates, supervises, or advises, or over whom the faculty, administrator, or staff member is in a position to exercise authority over in any way, now or in the foreseeable future.

III. Students’ Bill of Rights

All students have the right to:
1. Make a report to local law enforcement and/or state police;
2. Have disclosures of domestic violence, dating violence, stalking, and sexual assault treated seriously;
3. Make a decision about whether or not to disclose a crime or violation and participate in the judicial or conduct process and/or criminal justice process free from pressure by the institution;
4. Participate in a process that is fair, impartial, and provides adequate notice and a meaningful opportunity to be heard;
5. Be treated with dignity and to receive from the institution courteous, fair, and respectful health care and counseling services, where available;
6. Be free from any suggestion that the reporting individual is at fault when these crimes and violations are committed, or should have acted in a different manner to avoid such crimes or violations;
7. Describe the incident to as few institution representatives as practicable and not be required to unnecessarily repeat a description of the incident;
8. Be protected from retaliation by the institution, any student, the accused and/or the respondent, and/or their friends, family and acquaintances within the jurisdiction of the institution;
9. Access to at least one level of appeal of a determination;
10. Be accompanied by an advisor of choice who may assist and advise a reporting individual, accused, or respondent throughout the judicial or conduct process including during all meetings and hearings related to such process;
11. Exercise civil rights and practice of religion without interference by the investigative, criminal justice, or judicial or conduct process of the institution; and,
12. Make a report to an employee with the authority to address complaints, including the Title IX Coordinator, Director of Human Resources, Campus Security, Local Law Enforcement, and/or Family Court or Civil Court.

IV. Amnesty Provision

The health and safety of every student at the Institution is of utmost importance. The College recognizes that students who have been drinking and/or using drugs (whether such use is voluntary or involuntary) at the time that violence, including but not limited to domestic violence, dating violence, stalking, or sexual assault occurs may be hesitant to report such incidents due to fear of potential consequences for their own conduct. The College strongly encourages students to report domestic violence, dating violence, stalking, or sexual assault to institution officials. A bystander acting in good faith or a reporting individual acting in good faith that discloses any incident of domestic violence, dating violence, stalking, or sexual assault to College officials or law enforcement will not be subject to Institution's code of conduct action for violations of alcohol and/or drug use policies occurring at or near the time of the commission of the domestic violence, dating violence, stalking, or sexual assault.

V. The Importance of Preserving Evidence

Whether or not you choose to report an act of sexual misconduct, it is important to preserve evidence of the assault in case you later wish to report the sexual misconduct to law enforcement or College officials. If you have cleaned up after an assault or no longer have evidence, you may still report the incident and an investigation will follow, but it will help police and investigators to have all available evidence.

To preserve evidence of a sexual assault do not wash your hands or face; do not shower or bathe; do not brush your teeth; and, do not change clothes or straighten up the area where the assault took place. If you remove clothing, try to preserve the clothing in a paper bag.

To preserve evidence of physical violence take photographs of any bruising or other visible injuries.

Email, social media posts, text messages, and/or voicemails may also provide evidence of sexual misconduct.

The Center for Safety and Change, Nyack Hospital, and Good Samaritan Hospital provide Sexual Assault Forensic Examiner (“SAFE”) services. SAFE Examiners offer prompt, compassionate, non-judgmental care and forensic examination for injury identification and evidence collection. Contact information for these organizations is provided in Section X (Off-Campus Resources).

VI. Reporting a Potential Policy Violation

The College takes all allegations of sexual misconduct seriously and encourages any member of the College community who has been a victim of sexual misconduct or a witness to sexual misconduct to report the incident to College officials. The reporting party may elect to make a confidential or non-confidential disclosure using the avenues set forth below.

In addition to reporting the incident to the College, please note that you may always dial 911 or contact the Orangetown Police Department (Telephone: 845/359-3700) to report an emergency, ongoing threat, or potential criminal conduct to law enforcement. It is your choice whether to report an act of sexual misconduct to law enforcement.

A. Confidential Disclosures

If a member of the College community wishes to discuss a potential violation of this policy, but wishes to maintain complete confidence, then the individual may speak with professional counselors and/or pastoral counselors at the following offices, who are not required to report potential violations of this Policy to the Title IX Coordinator:
If an employee wishes to discuss a potential violation of this policy, but wishes to maintain complete confidence, then the individual may utilize the Employee Assistance Program (EAP) which is available 24 hours a day, 7 days a week and is completely confidential.

Employee Assistance Program (EAP)  
Hours: 24 hours, 7 days a week  
Telephone: (800) 252-4555  
(800) 225-2527

B. Non-Confidential Disclosures
All other Dominican College faculty and staff members are considered Responsible Employees and must report potential violations of this Policy to the Title IX Coordinator.

Even College offices and employees who cannot guarantee confidentiality will maintain your privacy to the greatest extent possible. The information you provide to a non-confidential resource will be relayed only as necessary for the Title IX Coordinator to investigate and/or seek a resolution.

C. Public Awareness Events
The College is not obligated to initiate a Title IX investigation based on statements made by an individual through a public awareness event, such as a candlelight vigil, protest, or other public event.

VII. Procedures for Determining Whether This Policy Has Been Violated

A. Rights of Survivor/Victim and Responding Parties in Addition to Those Set Forth in the Students’ Bill of Rights (Sec. III)
Both the survivor/victim and the responding party have the right to have an Advisor of his or her choice present throughout the processes set forth in this Policy. The Advisor may privately counsel the individual, but may not speak on the individual’s behalf.

Each member of the College community has the right to contact law enforcement if he or she so wishes at any point. If requested, the Title IX Coordinator will assist any member of the College community in notifying law enforcement.

A survivor/victim may withdraw a complaint at any point in time. If a complaint is withdrawn, the Title IX Coordinator will determine whether to go forward with the investigation taking into account the threat of future harm by the responding party to the survivor/victim and other members of the College community. The safety and security of all members of the College community is of utmost importance to the College and, thus, the College may elect to go forward with the investigation even if a complaint has been withdrawn in order to promote safety for members of the College community.

B. Interim Measures
The College reserves the right to take whatever measures it deems necessary in response to an allegation of sexual misconduct, including providing Interim Measures, in order to protect the rights and personal safety of the survivor/victim and members of the College community.

Interim Measures may include, but are not limited to:
- Modification in living arrangements;
- Temporary change in class schedule;
- Counseling, including mental health services; and,
- Interim suspension of the responding party pending the investigation.
If you have a request for a change in academic, living, transportation, and/or working arrangements at the College, please contact the College’s Title IX Coordinator. The College shall assist with academic, housing, transportation, employment, and other reasonable and available accommodations regardless of reporting choices.

C. Initial Review/Decision to Proceed with Investigation
Once the Title IX Coordinator receives a complaint that this Policy has been violated, he/she will review the allegations to determine if the behavior, as reported, could violate this Policy. Depending on the nature of the allegations, the Title IX Coordinator may conduct the review and determination individually or with the assistance of the Title IX Team.

If it is determined that the facts reported would not constitute a violation of this Policy, then the Title IX Coordinator will notify the reporting party that an investigation is not warranted.

If it is determined that an investigation is warranted, then the Title IX Coordinator will follow the procedures set forth below.

If an individual discloses an incident of sexual misconduct under this Policy, but wishes to maintain confidentiality or does not consent to the College’s request to initiate an investigation, the Title IX Coordinator must weigh the request against the College’s obligation to provide a safe, non-discriminatory environment for all members of the College community.

D. Notice to Reporting Party and Responding Party
When the Title IX Coordinator or other appropriate College official determines that an investigation is warranted, notice shall be given to both the reporting party and responding party, simultaneously. The notice shall include the following information:

• Factual allegations concerning the violations, including, if available, the date, time, and location of the incident(s);
• Reference to the policy provision potentially violated; and,
• A list of potential sanctions if the responding party is found to have violated this policy.

The College will also provide the survivor/victim and responding party with written notice containing information on any meeting that he or she is required or eligible to attend.

E. Investigation/Hearing
The Title IX Coordinator, acting individually or in conjunction with the Title IX Team, will appoint an internal and/or external investigator to conduct a prompt, impartial, thorough, and fair investigation. The investigation will include separate interviews of the survivor/victim and the responding party and a review of all relevant documents (i.e. text messages, pictures, social media messages) provided by each party. The investigation may also include interviews with witnesses to the underlying allegations.

Investigations are conducted by trained staff members, to take into account the totality of all available evidence from all relevant sources. The survivor/victim and responding party are permitted and encouraged to offer all pertinent evidence during the investigation process. The investigator/investigative team will compose an investigative report, at the conclusion of the fact-finding component of the process, to include all relevant evidence collected. Both the survivor/victim and responding party have the right to submit comments, additional materials and/or witnesses, and questions to be posed to either party, in writing, following the issuance of the investigative report. Said responses must be submitted within five (5) business days of the issuance of the investigative report. The investigator/investigative team reserves the right to determine the relevance and benefit of all questions presented, and will proceed with all appropriate questions. The resulting information will be incorporated into the investigative report, and utilized in the determination stage of the process.

Depending on the nature and severity of the allegations, an investigator (or team of investigators) may conduct the investigation and reach a conclusion without a hearing, or a formal hearing may be held. If a hearing is held, then a transcript or other recording of the hearing will be made and maintained by the College for at least five (5) years.

F. Reaching a Determination – Preponderance of the Evidence
Following an investigation, the investigator(s) will provide the investigative report to the administrative reviewer(s) (a staff member or team of staff members trained on College policy and procedure). The administrative reviewer(s) will determine whether this Policy has been violated, based upon the findings of fact. The administrative reviewer(s) will then submit a determination report to the Title IX Coordinator, detailing the following: (1) the outcome of the investigation, and (2) the rationale for the decision.

The determination will be made using the “preponderance of the evidence standard,” which means that it must be more likely than not that this Policy was violated in light of all the information and evidence presented. The preponderance of the evidence standard, which governs this Policy, is a lesser burden of proof than the beyond a reasonable doubt standard, which controls in criminal proceedings.
G. Notice of Determination of Policy Violation
The Title IX Coordinator will provide simultaneous notice to the survivor/victim and responding party of whether this Policy was violated, which will include the outcome of the investigation, findings of fact, and rationale for the decision.

If it was determined that this Policy was not violated, then individuals will be directed to the Appeals process (as set forth in Section L below).

If it was determined that this Policy was violated, then both parties will be provided an opportunity to present an Impact Statement, as set forth below, that will be considered by the College when determining the appropriate sanction(s).

H. Impact Statement
If it has been determined that this Policy was violated, then both the survivor/victim and responding party have the right to present an impact statement to the Title IX Coordinator to be considered during the sanction process. The impact statement(s) must be provided to the Title IX Coordinator within five (5) business days of notification of whether this Policy has been violated.

I. Sanctions
Not all forms of sexual misconduct will be deemed as equally serious offenses. As such, the College reserves the right to impose different sanctions, ranging from a verbal warning to academic expulsion or termination of employment, depending on the severity of the offense. When determining the appropriate sanction(s), the College official(s) will consider the Investigative Report, the Impact Statement(s), and any other pertinent evidence.

If the responding party is a student, the Title IX Coordinator will forward the Investigative Report and Impact Statement(s) to the lead Title IX investigator for that case, for resolution under the Student Code of Conduct and Disciplinary System.

If the responding party is a staff or administrative member, then the Title IX Coordinator will forward the Investigative Report to the Vice President overseeing the responding party’s area, for resolution under the Corrective Discipline and/or Termination Policies outlined in Volume III of the Dominican College Policy Manual. In the event that the appropriate Vice President is unavailable, the Title IX Coordinator will designate a Vice President from another area, to fulfill the responsibility.

If the responding party is a faculty member, the Title IX Officer will forward the Investigative Report to the Vice President for Academic Affairs/Academic Dean for resolution under the Dismissal for Cause and/or Corrective Discipline Policies outlined in Volume IV of the Policy Manual. If the Vice President for Academic Affairs/Academic Dean is unavailable, the Title IX Coordinator will designate a Vice President from another area, to fulfill the responsibility.

J. Notice of Outcome
After a determination has been made as to the appropriate sanction(s), the Title IX Coordinator will provide simultaneous notice to the survivor/victim and responding party of the following: (1) the outcome of the investigation; (2) the findings of fact; (3) the sanction, if any; and, (4) the rationale for the decision and sanction.

K. Timeline for Investigation
Generally, the investigation will be completed and the Notice of Outcome will be issued within 60 days of when the College was notified about the incident.

The time frame may be extended for circumstances such as College closures, holidays, and breaks between semesters. The Title IX Coordinator will notify the survivor/victim and responding party if the investigation will not be completed within 60 days.

L. Appeal
The survivor/victim and/or the responding party may appeal the College’s determination of whether this Policy was violated and any sanction(s) issued. Appeals must be made to the Title IX Coordinator in writing within five (5) business days of the issuance of the College’s decision.

If an appeal is sought, the Title IX Coordinator will appoint an Appeal Board of at least three (3) members of the College community. The Appeal Board will review the record and will grant an appeal only if one or more of the following criteria exist:

1. There was a procedural defect in the original investigation and/or hearing that would substantively affect the outcome of the hearing.
2. The sanction(s) issued is/are disproportionate to the Policy violation.
3. The presence of new evidence, which was unavailable at the time of the investigation or hearing.
If the Appeal Board determines that cause for the appeal exists based on one of the criteria set forth above, then the Appeal Board may take one of the following actions:

1. Uphold the original determination(s) and outcome(s);
2. Modify the sanction(s); or,
3. Remand the case for further investigation with corrective instructions to the investigator(s) and/or hearing panel.

The Title IX Coordinator will simultaneously notify the survivor/victim and the responding party of all decisions made by the Appeal Board, including whether the Board determined that cause existed for the appeal and, if so, actions taken by the Appeal Board. The Title IX Coordinator will also simultaneously inform the survivor/victim and reporting party when the College’s decision of whether this Policy has been violated is final.

VIII. Transcript Notations

A. If a student is found responsible under this Policy for a Clery Act Crime of Violence, as defined below, including a sexual offense, then the College will make a notation to the responsible student’s official College transcript of any sanction that was issued to the student “after a finding of responsibility for a code of conduct violation,” such as “Suspended after a finding of responsibility for a code of conduct violation,” or “Expelled after a finding of responsibility for a code of conduct violation.”

B. If a student withdraws from the College while conduct charges are pending against him or her, then his or her transcript will be marked that he or she “withdrew with conduct charges pending.”

C. To appeal the transcript notation, a student must petition the Office of the Registrar to remove the transcript notation. A transcript notation for suspension shall not be removed prior to one year after the conclusion of the suspension. A transcript notation for expulsion shall not be removed. If the appeal is granted, then transcript notations shall be removed within thirty (30) days of the granting of the appeal.

D. If a finding of violation of this Policy is vacated, then the transcript notation shall be removed. The transcript notation will be removed within thirty (30) days after the finding is vacated.

Further Appeals

A student whose transcript states “SUSPENDED AFTER A FINDING OF RESPONSIBILITY FOR A CODE OF CONDUCT VIOLATION” may appeal, in writing, to the Vice President for Student Development/Dean of Students to have the notation removed. Appeals will be reviewed provided that:

- One year has passed since the conclusion of the suspension;
- The term of suspension has been completed and any conditions thereof; and
- The Dean of Students has determined that the student is once again “in good standing” with all applicable College and academic and non-academic standards.

A student whose transcript states “EXPELLED AFTER A FINDING OF RESPONSIBILITY FOR A CODE OF CONDUCT VIOLATION” or “WITHDREW WITH CONDUCT CHARGES PENDING” is ineligible to appeal to have the notation removed. Those students who were expelled or withdrew with such notifications on their transcripts will leave the College with the status “not in good standing” and will be ineligible for readmission to Dominican College, absent any vacating of a finding of responsibility.

XI. Definitions

A. Advisor: An individual chosen by the survivor/victim or the responding party to assist them through the College’s investigation process. The Advisor may provide private counsel to the survivor/victim or responding party, but may not speak on behalf of the individual.

B. Business Days: Official working days when the college is open for business; does not include weekends and College recognized holidays.

C. Clery Act: A federal law, codified at 20 U.S.C. § 1092(f), that requires all colleges and universities who receive federal funding to share information about crime in or around campus and efforts to improve campus safety.

D. Clery Act Crimes of Violence: Clery Act Crimes are codified at 20 U.S.C. § 1092(f)(1)(F)(i)(I)-(VIII), and include murder; sex offenses, forcible or nonforcible; robbery; aggravated assault; burglary; motor vehicle theft; manslaughter; and, arson.

E. Consent: Affirmative consent is a knowing, voluntary, and mutual decision among all participants to engage in sexual activity. Consent can be given by words or actions, as long as those words or actions create clear permission regarding willingness to engage in the sexual activity. Silence or lack of resistance, in and of itself, does not demonstrate consent. The definition of consent does not vary based upon a participant’s sex, sexual orientation, gender identity, or gender expression. Seeking and having consent accepted is the responsibility of the person(s) initiating each specific sexual act regardless of whether the person initiating the act is under the influence of drugs and/or alcohol. Consent to any sexual act or prior consensual sexual activity between or with any party does not constitute consent to any other sexual act. Consent may be initially given but withdrawn at any time. When consent is withdrawn or cannot be given, sexual activity must stop. Consent cannot be given when a person is incapacitated. Incapacitation includes impairment due to drugs or alcohol (whether such use is voluntary or involuntary), the lack of consciousness or being asleep, being involuntarily restrained, if any of the parties are under the age of 17, or if an individual otherwise cannot consent. Consent cannot be given when it is the result of any coercion, intimidation, force, or threat of harm.

F. Force: The use of physical violence and/or imposing on someone physically to gain sexual access, including threats, intimidation, and/or coercion that overcome resistance or produce consent. Consent is not effective when forced.

G. Gender: The socially constructed roles, behaviors, activities, and attributes that a given society considers appropriate for men and women, i.e. masculine, feminine.

H. Gender Expression: The way in which a person identifies.

I. Gender Identity: The way in which a person acts to communicate gender within a given culture.

J. Impact Statement: A statement drafted by a member of the College community explaining to the College how the underlying incident(s) has impacted his or her life.

K. Incapacitation: A state where an individual cannot make rational, reasonable decisions because he or she lacks the capacity to give knowing consent. Incapacitation may be caused by lack of consciousness, being asleep, being involuntarily restrained. Depending on the degree of intoxication, someone who is under the influence of alcohol, drugs, or other intoxicants may be incapacitated and therefore unable to consent.

L. Law Enforcement: The police or Dominican College Campus Safety and Security.

To contact the police in the event of an emergency or ongoing threat, dial 911. To report an emergency, ongoing threat, or potential criminal conduct, you may also contact the Orangetown Police Department at telephone number (845) 359-3700 or Campus Safety and Security at telephone number (914) 403-7531.

M. Member of the College Community: Students, faculty, and staff of Dominican College.

N. Responding Party: A member of the College community or a participant in a College program or activity who is reported to have engaged in sexual misconduct.

O. Sex: The biological and physiological characteristics that define men and women, i.e. male, female, intersex.

P. Sexual Contact: Intentional contact with another person’s body, including but not limited to the breasts, buttock, groin, genitals, mouth, or neck in a sexual manner; touching another in a sexual manner with a person’s body, including but not
limited to the breasts, buttock, groin, genitals, mouth, or neck; or making another touch you or themselves in a sexual manner.

Q. Sexual Misconduct: An umbrella term that is used to encompass unwanted or unwelcome conduct of a sexual nature that is committed without valid consent. Sexual misconduct is strictly prohibited under this Policy.

R. Sexual Orientation: An individual’s sexual identity in relation to the gender and/or sex to which the individual is sexually and romantically attracted.

S. Survivor/Victim: An individual who has experienced or is reported to have experienced sexual misconduct. The College uses the more encompassing “survivor/victim,” as opposed to “survivor” or “victim” because it acknowledges that individuals respond differently following acts of sexual misconduct and each individual must determine at his or her own pace whether and how they will become survivors without the College making any assumption. Survivor/victim may also be referred to as the reporting individual throughout this Policy.

T. Title IX: A federal law, codified at 20 U.S.C. § 1681 et seq., that prohibits discrimination on the basis of sex in educational programs and activities. Specifically, the law provides that “[n]o person in the United States shall, on the basis of sex, be excluded from participation in, be denied benefits of, or be subjected to discrimination under an educational program or activity receiving federal financial assistance.”

U. Title IX Coordinator: The Title IX Coordinator is the Dominican College employee responsible for ensuring that the College is complying with all Title IX regulations and is charged with the primary responsibility for coordinating the College’s Title IX compliance efforts, including determining whether to go forward with an investigation, coordinating the investigation of a complaint, and implementing additional Title IX regulations.

Assistance for Victims: Rights and Options

Regardless of whether a victim elects to pursue a criminal complaint or whether the offense is alleged to have occurred on or off campus, Dominican College will assist victims of sexual misconduct and will provide each victim with an explanation of their rights and options. New York State has an entire article of law dedicated to serving the interests of crime victims. The Fair Treatment Standards for Crime Victims is contained within Article 23 of the Executive Law. The purpose of that act is to ensure that the State’s criminal justice system has appropriate standards for the treatment of innocent victims of crime. Much of the information contained in Article 23 is explained in OVS’s Rights of Crime Victims in New York State pamphlet which is designed to be an important resource for those who are facing the challenges associated with being a crime victim; it is an excellent source of information on victims’ rights relating to judicial proceedings, victim impact statements, restitution and much more. The New York State Office of Victims Services’ website can be located at http://www.ovs.ny.gov/.

Dominican College complies with New York State Law in recognizing orders of protection. An order of protection is issued by the court to limit the behavior of someone who harms or threatens to harm another person. It is used to address various types of safety issues, including, but not limited to situations involving domestic violence. Family Courts, criminal courts, and Supreme Courts can all issue orders of protection. For further information regarding orders of protection you can visit the New York State Unified Courts Website at http://www.nycourts.gov/faq/orderofprotection.shtml. Any person who obtains an order of protection should provide a copy to the D.C. Campus Safety and Security Department. The Campus Safety Department, in conjunction with other D.C. Departments, will work with the complainant to develop a Safety Action Plan, which is a plan for campus safety and the victim to reduce risk of harm while on campus or coming and going from campus. This plan may include, but is not limited to; escorts, special parking arrangements, academic accommodations or residential accommodations. Dominican College cannot apply for a legal order of protection, no contact order or restraining order for a victim from the criminal or civil court systems. You may visit the NYS Unified Courts Website, http://www.nycourts.gov/faq/orderofprotection.shtml for further information about this process.

Dominican College may issue an institutional no contact order if deemed appropriate or at the request of the victim or accused. To the extent of the victim’s cooperation and consent, Dominican College will work cooperatively to ensure that the complainant’s health, physical safety, work and academic status are protected, pending the outcome of a formal college investigation of the complaint. For example, if reasonably available, a complainant may be offered changes to academic, living or working situations in addition to counseling, health services and assistance in notifying appropriate local law enforcement. Additionally, personal identifiable information about the victim will be treated as confidential and only shared with persons with a specific need to know who are investigating/adjudicating the complaint or delivering resources or support services to the complainant (for example, publicly available record-keeping for purposes of Clery Act reporting and disclosures will be made without inclusion of identifying information about the victim, as defined in 42 USC 1395(a)(20).) Further, Dominican College will maintain as confidential, any accommodations or protective measures provided to the victim to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures. D.C. does not publish the name of crime victims nor residential identifiable information regarding victims in the campus safety department’s crime log.

How to be an active bystander

Bystanders play a critical role in the prevention of sexual and relationship violence. They are “individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up or do something about it.” We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not always know what to do even if we want to help. If you or someone else is in immediate danger DIAL 911 or Call Campus Safety at (914) 403-7531. This could be when a person is yelling at or being physically abuse towards another and it is not safe for you to interrupt. Below is a list of some ways to be an active bystander:

- Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help ask if they are ok.
- Confront people who seclude, hit on, try to make out with, or have sex with people who are incapacitated. Speak up when someone discusses plans to take sexual advantage of another person.
- Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.
- Refer people to on or off campus resources listed in this report for support in health, counseling or legal assistance.

**Risk Reduction**

With no intent to victim blame and recognizing that only rapists are responsible for rape, the following are some strategies to reduce one’s risk of sexual assault or harassment (taken from the Rape, Abuse & Incest National Network, [www.rainn.org](http://www.rainn.org) and other resources):

- **Be Aware** of your surroundings, Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
- Try to avoid isolated areas. It is more difficult to get help if no one is around.
- **Walk with purpose.** Even if you don’t know where you are going, act like you do.
- Trust your instincts. If a situation or location feels unsafe or uncomfortable, it probably isn’t the best place to be.
- Try not to load yourself down with packages or bags as this can make you appear more vulnerable.
- Make sure your cell phone is with you and charged and that you have cab money.
- Don’t allow yourself to be isolated with someone you don’t trust or someone you don’t know. Avoid putting music headphones in both ears so that you can be more aware of your surroundings, especially if you are walking alone.
- **When you go to a social gathering, go with a group of friends.** Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around may help you to find a way out of a bad situation.
- Trust your instincts. If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the United States)
- Don’t leave your drink unattended while talking, dancing, using the restroom or making a phone call. If you’ve left you drinks alone get a new one.
- Don’t accept drinks from people you don’t know or trust. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured and carry it yourself. At parties, don’t drink from the punch bowls or other large common open containers.
- **Watch out for your friends, and vice versa.** If a friend seems out of it, is way too intoxicated for the amount of alcohol they’ve had or is acting out of character get him or her to a safe place immediately. If you suspect you or a friend has been drugged, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the United States) Be explicit with doctors so they can give you the corrects tests (you will need a urine test and possibly others).

- **If you need to get out of an uncomfortable or scary situation here are some things that you can try.**
  - Remember that being in this situation is not your fault. You did not do anything wrong, it is the person who is making you uncomfortable that is to blame.
  - **Be true to yourself.** Don’t feel obligated to do anything you don’t want to do. “I don’t want to” is always a good enough reason. Do what feels right to you and what you are comfortable with.
  - **Have a code word with your friends or family** so that if you don’t feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends and family can then come to get you or make up an excuse for you to leave.
  - **Lie.** If you don’t want to hurt the person’s feelings it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared or worse. Some excuses you could use are: needing to take care of a friend or family member, not feeling well, having somewhere else you need to be, etc.
Try to think of an escape route. How would you try to get out of the room? Where are the doors? Windows? Are there people who might be able to help you? Is there an emergency phone nearby?

If you and/or the other person have been drinking, you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.

Disciplinary Procedures (other than sexual offenses)

The purpose of the College disciplinary procedures is to adjudicate violations of college rules and regulations. The disciplinary process should be an educational experience that rests upon fairness and the right to due process.

Adjudication of Non-Academic Matters:
When a Code of Conduct violation is charged, due process is observed as follows: A student accused of violating the Code of Conduct shall be notified in writing of the specific charge(s) against him or her and shall have the opportunity, within a reasonable amount of time, for a hearing to discuss the charge(s). This hearing shall consist of a meeting between the accused student and the Vice President and Dean for Student Development or a designated hearing officer at which time the accused student shall have the opportunity to present his or her full and final version of the facts. Refusal or failure to appear at this hearing will not impede the adjudication process and judgment will be made based on the available evidence and testimony.

Administration
The Board of Trustees vests in the President the authority to hear and resolve final appeals in any matter. The Vice President and Dean for Student Development is responsible for supervising the disciplinary system. All alleged infractions of the Student Code of Conduct policies are referred to the Office of the Vice President and Dean for Student Development.

Disposition of Infractions
Disciplinary action usually begins with the witnessing by campus security, residence life staff member, a member of the college administration, faculty, staff or other student of conduct which appears to violate a college policy, rule, or regulation. Any individual wishing to report an incident must notify either the Vice President and Dean for Student Development, the Assistant Dean for Student Development, and/or the Director of Public Safety & Security of the alleged infraction. An individual may be requested to submit a written complaint providing additional detail. The Vice President and Dean for Student Development reserves the right to act in the best interests of the college community in situations that threaten the health, welfare, and safety of students, College personnel and property. The Vice President and Dean for Student Development has the authority to adjudicate those very serious violations of College policy which require immediate attention. All other complaints are forwarded to the Campus Judicial Officers who initiate the campus disciplinary procedure. The Campus Judicial Officers are Senior administrator within the Office for Student Development appointed by the Vice President and Dean for Student Development.

Student Judicial Records
The Family Educational Rights and Privacy Act of 1974 (FERPA) is a federal law that provides regulations regarding the access, review, amendment, and disclosure of student educational records. Student judicial records are included in the definition of educational records. The requirements of this law with respect to student judicial records are covered in the information, which follows.

Access
Any student has the right to inspect his or her own judicial file. The information contained therein will be made available to the student upon written request forwarded to the Vice President & Dean for Student Development. No one outside the College shall have access to the student's records nor will the College disclose any information from these records without the written consent of the student, except under those circumstances that are permitted by FERPA. Students are advised that potential graduate schools or employers may request information on disciplinary status. Under the FERPA regulations, the College may disclose a student's records to school officials of another institution in which a student seeks to enroll. However, judicial materials will not be sent to any employer unless the student specifically authorized the College to do so in writing. Within the College community, only those members individually or collectively acting in the student's
educational interest are allowed access to student records. It shall be the responsibility of the Vice President & Dean for Student Development in response to any authorized inquiry to inspect the records of any student, and to provide an explanation in writing, if necessary, as to the nature and severity of any violation in which the student in question has been sanctioned.

**Maintenance of Records**

When a student is found responsible for violating the College's Code of Conduct a disciplinary file for the student is created. This file contains all information pertinent to any and all proceedings in which the student has been involved. Each subsequent time a student is found responsible for violating regulation, his or her record is used in determining a sanction. The records of any student contained in the judicial file shall be maintained by the Office for Student Development until the student’s graduation from the College, at which time it will be destroyed. An exception will be made to this policy, however, in those instances where the judicial proceedings resulted in a student’s suspension or expulsion (dismissal) from the College. In such a case, a notification will appear on the student’s record, and the documents containing the relevant sanction will be maintained to substantiate this notation.

**Incident Reporting, Emergency or Safety Concern**

All crime victims and witnesses are strongly encouraged to immediately report the crime to the Public Safety and Security Department and the appropriate police agency for both on campus and off campus incidents. Prompt reporting will assure timely warning notices on-campus and timely disclosure of crime statistics. Dominican College Personnel will conduct investigations and work with law enforcement agencies as appropriate. Community members, students, faculty, staff, and visitors are encouraged to report all crimes, emergencies, and safety concerns to the Public Safety and Security Office in a timely manner.

Reports involving Gender Based Sexual Misconduct (GBSM) may be reported in accordance with the Dominican College Policy. The policy can be found at http://www.dc.edu/health-safety-wellness/sexual-misconduct-title-ix/.

Dominican College does not operate off-campus housing and does not have off-campus student organizations. Students, employees, and on campus student organizations participating in DC sponsored off-campus activities should report crime incidents to the local law enforcement agency where the crime occurred and also to the Public Safety and Security Office.
Crimes should be reported to the Public Safety and Security Office to ensure inclusion in the Dominican’s annual crime statistics and to aid in providing timely warning notices to the community when appropriate.

In addition to the reporting methods listed above Dominican College relies on the positive relationships with local law enforcement. Local law enforcement agencies contact the Dominican College Public Safety Department with information they deem appropriate involving members of the Dominican College Community. As appropriate, Dominican College will process these reports considering the safety and impact to the college community as well as any violations of the Dominican College Code of Conduct.

Sex Offender Registration

In accordance to the "Campus Sex Crimes Prevention Act" of 2000, which amends the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act, the Jeanne Clery Act and the Family Educational Rights and Privacy Act of 1974, the Dominican College Public Safety and Security Department is providing a link to the New York State Division of Criminal Justice Sex Offender Registry. This act requires institutions of higher education to issue a statement advising the campus community where law enforcement information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice of each institution of higher education in that State at which the person is employed, carries a vocation, or is a student.

NYS Division of Criminal Justice - Office of Sex Offender Management Sex Offender Registry
The New York State Sex Offender Registration Act (Correction Law Article 6-C), known as SORA, established a Sex Offender Registry within the New York State Division of Criminal Justice Services. SORA was enacted to assist local law enforcement agencies and to protect communities by: 1) requiring sex offenders to register with the State; and, 2) providing information to the public about certain sex offenders living in their communities. SORA took effect on January 21, 1996. SORA requires the registration of individuals convicted in New York State of certain sex offenses as well as the registration of those individuals convicted in another jurisdiction if the offense is equivalent to a New York State registerable sex offense. In addition, if the individual is convicted of a felony requiring registration in the conviction jurisdiction or the individual is convicted of one or more specific federal or military offenses, the individual will be required to register in New York State. Individuals convicted of one or more registerable offenses on or after the effective date of SORA must register with the Division. Additionally, any person convicted of a registerable offense who was incarcerated or under parole or probation supervision on January 21, 1996 is required to be registered.

Sex offenders are classified as low risk (Level 1), moderate risk (Level 2) or high risk (Level 3). SORA requires the Division of Criminal Justice Services to maintain a public Subdirectory on the internet which can only include Level 2 and Level 3 sex offenders. While the Registry also contains information on low-risk (Level 1) sex offenders, this site provides you with public access to the Subdirectory only. Therefore, accessing this site will not provide you with information about Level 1 offenders. You may, however, learn if an individual is a convicted sex offender listed in the Registry by calling the Sex Offender Registry (800) 262-3257.

Due to litigation in federal court, certain level 2 and level 3 offenders are not in the Subdirectory at this time. Once these offenders have had an opportunity for a due process hearing to determine the risk level, and if their risk level is determined to be level 2 or level 3, they will be included in the Subdirectory.

The New York State’s Sex Offender Registry home page is located at http://criminaljustice.state.ny.us/nsor/index.htm. The Registry helps protect our families and communities by requiring sex offenders to register, and providing this information to law enforcement and the public.

Sex offenders are classified by risk level: Level one (low risk); Level two (medium risk); and Level three (high risk). Level 1 offenders are required to register for a minimum of twenty years, and level 2 and 3 offenders for life. Police and law enforcement have access to information on all sex offenders (levels 1, 2 and 3). However, under the law, information on level 1 (low-risk) offenders is not available on the public website. Only level 2 and 3 offenders are listed on the public website.

How do I search for a sex offender?
To search for a sex offender on line visit the public website - http://criminaljustice.state.ny.us/nsor/index.htm. You can search by last name or zip code or County. You can also call (800) 262-3257. By calling the 800 number you can obtain information on level 1, 2 and 3 offenders (the public website only lists level 2 and 3 offenders, the 800 line can give information on level 1, 2 and 3). If you call the 800 line you will need the offender’s name and one of the following: an exact address, or a date of birth, or a driver’s license number, or a social security number.
Campus Law Enforcement Policy

Dominican College utilizes both Public Safety Officials and licensed New York State Security Guards as its law enforcement authority. Public Safety Officials are employees of Dominican College and are supplemented by a contract security agency. Many of the Public Safety Officials have prior law enforcement experience. Public Safety Officials and Security Guards do not possess arrest power. Criminal incidents are referred to the local police who have jurisdiction on campus. Dominican College Public Safety Officials and Security Guards have the authority to ask persons for identification and to determine whether individuals have lawful business at Dominican College. Public Safety Officials and Security Guards have the authority to issue parking tickets, which are billed to financial accounts of students. Dominican College is located in the town of Orangeburg New York. The Public Safety Department maintains a working relationship with the Town of Orangetown Police Department which is located in close vicinity to the College. The Public Safety Department also works with the New York State Police when necessary. Dominican College encourages the accurate and prompt reporting of all crimes to campus security and the appropriate law enforcement agency. The College cooperates fully with all law enforcement agencies. The College has a written memorandum of understanding (MOU) with the Orangetown Police Department. The Orangetown Police Department and Dominican College have agreed to:

The Town of Orangetown Police Department (OPD) is the primary law enforcement provider for the Dominican College Campus (DC). Upon notification, OPD will respond and investigate criminal matters and missing persons. If applicable, OPD will enforce all local, state, and federal laws as appropriate. Additionally, OPD will be the primary point of contact as the “911 Center” for Emergency Medical Services (EMS) and Fire Department (FD) request for services at Dominican College.

All crime victims and witnesses are strongly encouraged to immediately report crime to the Campus Public Safety and Security Department and the appropriate police agency. Prompt reporting will assure timely warning notices on campus and timely disclosure of crime statistics.

Policy Statement Addressing Counselors

As a result of the negotiated rulemaking process which followed the signing into law, the 1998 amendments to 20 U.S.C. Section 1092 (f), clarification was given to those considered to be campus security authorities. Campus “Pastoral Counselors” and Campus “Professional Counselors”, when acting as such, are not considered to be a campus security authority and are not required to report crimes for inclusion into the annual disclosure of crime statistics. As a matter of policy, they are encouraged; if and when they deem it appropriate, to inform persons being counseled of the procedures to report crimes on a voluntary basis for inclusion into the annual crime statistics. Dominican College is not required to provide a timely warning for non-Clery Act crimes or for crimes reported to a pastoral or professional counselors. There are no other exemptions.

Missing Persons

Definition
Missing College Student- Pursuant to the NYS Campus Safety Act of 1999, a missing student is any person who is a “student of an institution (college or university) who resides in a facility owned or operated by such institution and who is reported as missing from his or her residence (NYS Education Law 355 (17), NYS Education Law 6206, NYS Education Law 6450). There is no age limit specified in these laws. Colleges and Universities are required to adopt specific policies and procedures to ensure that these cases are handled in an expedient and consistent manner. This includes involvement of and coordination with local police agencies or the New York State Police, whenever warranted by circumstances. This should be based upon written inter agency agreements.

Missing Child- A missing child is defined as any person under the age of 18 at the time of disappearance. Missing child defined in NYS Executive Law 837-e, Runaway youth defined in NYS Executive Law 532-a(1). Types of missing children cases include: non-family abductions (e.g., stranger); familial abductions (e.g., non-custodial parent); acquaintance abductions; runaways; others (e.g. lost or unknown circumstances).
Notification of Missing Students

For purposes of this policy, a student may be considered to be a “missing person” if the person’s absence is contrary to his/her usual pattern of behavior and unusual circumstances may have caused the absence. Such circumstances could include, but not limited to, a report or suspicion that the missing person may be the victim of foul play, has expressed suicidal thoughts, is drug dependent, is in a life-threatening situation, or has been with persons who may endanger the students’ welfare. **No one should be told that a waiting period must pass before an investigation can be initiated.**

If a member of the College community has reason to believe that a student is missing, he or she should **immediately notify DC Security at 914-403-7531.** Security will generate a missing person report and initiate an investigation. The person’s description, clothes, who they may be with or where they may be, vehicle description and physical and mental well-being of the individual will be obtained. DC Security will conduct a quick, but thorough search of the campus buildings and parking lots using the students’ class schedule. Also a check of the students One-Card usage will be reviewed to determine the last time the card was used as well as any surveillance video. DC Security may also request assistance from Resident Assistants or others to assist in a campus search. If necessary an Omnilert text message may be sent to determine students’ whereabouts. After a search has been conducted with negative results DC will notify Orangetown Police Department at 845-359-3700. The student’s emergency contact will be contacted no later than 24-hours after the student is determined to be missing. If the missing student is under the age of 18 and is not an emancipated individual, DC will notify the student’s parent or legal guardian immediately after security has determined that the student has been missing for more than 24-hours. In addition to registering an emergency contact, students residing in on-campus housing have the option to identify confidentially an individual to be contacted the College in the event the student is determined to be missing for more than 24-hours. If a student has identified such an individual, DC will notify that individual no later than 24-hours after the student is determined to be missing. A student who wishes to identify a confidential contact can do so through the College Housing website. A student’s confidential contact information will be accessible only by authorized campus officials and law enforcement as appropriate.

Prevention and Education Services Programs

Dominican College (D.C.) engages in comprehensive, intentional and integrated programming initiatives, strategies and campaigns intended to end dating violence, domestic violence, sexual assault and stalking that; are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research, or assessed for value, effectiveness, or outcome; and consider environmental risk and protective factors as they occur on the individual, relationship, institutional, community and societal levels.

**Students**
The first action of prevention occurs during new student orientation. Incoming students are educated as to what sexual misconduct/assault is, the laws regarding sexual misconduct/assault, ways of reducing the risk of becoming a victim of sexual misconduct/assault and procedures for getting help should they encounter any form of sexual misconduct/ assault. In addition, seminars are held during the year on topics such as date rape prevention, self-defense, managing your drinking and behavior, etc.

**Employees**
The first action of prevention occurs during commencement of employment. New employees are required to sign the Dominican College Code of Conduct which among other things prohibits violating the Dominican College’s nondiscrimination, workplace violence and sexual harassment policies. New employees meet with the HR Director on first day of employment and receive said policies in the Employee Handbook and again sign that they will read and abide by the policies within. A New Hire Orientation is held once a year for new employees where the history and mission of the College, organization and policies are discussed. Once a year Human Resources sends all employees the Dominican College Discrimination and Harassment Policy to remind everyone of its importance and the necessity for adherence to same. The College invests in the Employee Assistance Program for Higher Ed which is a service that employees and their families can utilize for confidential professional assistance on a myriad of programs. In addition, special training is given to individuals who hold responsibility for insuring compliance with our Title IX. All “responsible” employees under Title IX are required to attend training session during the college wide conference in August or complete the Haven on line course. College employees are also invited to
attend programs presented by the Office of Student Development on related topics; in addition to having seminars presented through the Office of Human Resources.

Programs and Initiatives

Dominican College Prevention and Education Services, a program of Student Development, utilizes research-based strategies aimed at correcting misconceptions that encourage inappropriate behaviors associated with use of alcohol and other substances. Prevention and Education Services provide information, activities and events designed to create a healthy campus community and support culture that empowers students to act in accordance with healthy attitudes and values.

Dominican College Prevention and Education Services is a program designed to provide assessment, prevention education, counseling and appropriate referral services to persons in a college setting. Dominican College Prevention and Education Services offers confidential services to students who are experiencing problems with alcohol and other drugs; students who come from families where alcohol or other drug use was a problem, as well as, to students who are seeking to achieve and maintain sobriety.

Prevention & Education Services classes are attended by students who violate the Code of Conduct re: alcohol and other drugs. Classes are held weekly every semester. Information reviewed in class includes the bio-psycho-, social impacts and consequences of alcohol and other drug use; risk and protective factors, alcohol poisoning, harm reduction, sexual assault and campus-based and external resources.

Prevention & Education Services Coordinator meets annually with all Freshmen Seminar classes to discuss alcohol & other drugs, peer pressure, sexual assault, and consent.

Prevention & Education Services provides annual resources to Resident Assistants and Peer Mentors including the bio-psycho-, social impacts and consequences of alcohol and other drug use, alcohol poisoning, sexual assault, campus-based and external resources, responding and referral skills and self-care techniques.

On April 9, 2019 the documentary “The Hunting Ground” which is about sexual assaults on college campuses was shown at Granito Center.

Email blasts sent to all DC students are ways students are made aware of mental health services available on campus. Very often the email contains a video highlighting a particular counseling issue. A link directing them to additional organizations, support and/or services is often included in the email.

A Memorandum of Understanding was developed between the Center of Safety and Change and Dominican College. This MOU formalizes the commitment of the parties to work together to provide trauma-informed services to student and employee victims of sexual assault, domestic and dating violence, stalking and sexual misconduct and to improve the overall response to sexual assault, domestic and dating violence, stalking and sexual misconduct at DC.

EverIf’s products, Alcohol Edu and Think About It: Drugs Are, used by D.C. Freshman Seminar and Judicial/Code of Conduct Violations - on going.

AlcoholEDU for College- is an interactive online program designed to reduce the negative consequences of alcohol amongst students. It is the most widely used alcohol prevention program in higher education, and helps schools comply with Education Department General Administrative Regulations (EDGAR part 86).

The online programs deliver a personalized experience to all types of students dependent on their current drinking choices, and is proven effective – eight independent studies have verified the efficacy of AlcoholEdu.

For decades, colleges and universities have faced challenges surrounding high risk drinking and substance abuse among students. Empowering students to make healthy and informed choices about substance use is an important challenge that schools face, and one that research supports. Research indicates that there are large numbers of students who are entering college as part of a healthy majority who seek to create positive, healthy communities and refrain from unhealthy behaviors surrounding substance use, AlcoholEdu assists with that.
**Sexual Assault Awareness Week**- Presented April 8, 2019 through April 14, 2019 in Granito Center. Various programs daily to learn, advocate and educate students on sexual assault.

**Were Not “Tabling” the Subject Anymore**- Presented April 8, 2019 in the Granito Extension. Presentations by the Rockland County Department of Health, Center for Safety and Change, and Dominican College Spectrum Club.

Tabling by the Center of Safety and Change- Presented April 9, 2019 in the Granito Extension. The mission of the Center of Safety and Change is to educate students and the community that violence is a problem everywhere, help is available, there is hope and a path to healing. Their goal is to educate people, address and reduce sexual violence.

**The Impact of Film On Sexual Assault Awareness**-Presented April 9, 2019 at Granito Extension. Discussion about how documentarians are fighting back through their art form. Films include Beyond Beats and Rhymes, The Hunting Ground, and The Tale.

**“Wear Teal Day”**- April 10, 2019 at Casey Hall. All encourage to wear teal to show solidarity, get information, ask questions, and make donations.

**Ask What Advocacy Looks Like**- Presented April 11, 2019 in the Palisades Room in Casey Hall. Panel of community professionals working to help educate people, address and reduce sexual violence.

**What Were You Wearing**- Presented April 15 through April 17, 2019 in the Coreless Room, Granito Center. Survivor Art Installation- The installation was presented in the commuter lounge and was a collection of the different outfits survivors were wearing when they were sexually assaulted. The goal of this installation is to break down stereotypes and victim blaming misconceptions. This installation moves us away from blaming the victim for violence and places responsibility where it belongs, on those who caused harm.

**Run, Hide, Fight**- Presentation and film regarding active incidents from Department of Homeland Security emailed to faculty, staff and students.

**Stop The Bleed**- Civilians need basic training in Bleeding Control principles so they are able to provide immediate, frontline aid until first responders are able to take over care for an injured person. Due to many situations, there may be a delay between the time of injury and the time a first responder is on the scene. Without civilian intervention in these circumstances, preventable deaths will occur. Dominican has purchased nine Stop The Bleed kits that have been put around campus to assist in the event of an active incident situation. Stop The Bleed is intended to encourage bystanders to become trained, equipped, and empowered to help in a bleeding emergency before professional help arrives. Training is given to any students or staff interested by a certified Stop The Bleed trainer here on campus.

**Natural Gas Awareness and Emergency Response Training**-The Gas Emergency Response Department at Orange and Rockland presented natural gas awareness training to the Public Safety and Facility Departments on June 26, 2019. Training included steps first responders should take and hazard awareness that will help keep them safe.

**Behavioral Warning Signs: The Pathway to Workplace and School Violence**- Presented by Summit Security on November 7, 2019 at the Crowne Plaza Hotel, White Plains NY. Attended by Public Safety members presentation included behavioral warning signs in mass shootings and workplace/school violence. Other topics included policy development, creating threat assessment teams, social media monitoring and active shooter survival techniques.

**National Association of Clery Compliance Officers and Professionals 2019 6th Annual Conference**- Attended by the Director Of Public Safety July 24 through July 26, 2019 in Linthicum, Maryland.

**Drug Free Campus**

Dominican College, in accordance with our mission, is committed to protecting the safety, health, and well-being of all students, employees, and members of our community. As a residential community with a significant number of individual students under the age of 21 residing on campus, we have an even stronger commitment to ensuring that our community is free of alcohol and illegal drugs. Recognizing that alcohol abuse and illegal drug use pose a threat to our educational mission, we have established policies and programs that balance our respect for the individual and concern for the community.
The Drug Free Schools and Campuses Act of 1989 requires an institution of higher education to certify that it has adopted and implemented a program to prevent the unlawful possession, use or distribution of illicit drugs and alcohol by students and employees.

- In compliance with the Drug Free Schools and Campuses Act, and as a part of our ongoing alcohol and drug prevention programs for students and employees, Dominican College annually distributes the following information:
- Standards of Conduct that clearly prohibit the unlawful possession, use, or distribution of alcohol and illicit drugs on its property or as a part of any of its activities;
- A description of applicable local, state or federal legal sanctions pertaining to the unlawful possession, use, or distribution of illicit drugs and alcohol;
- A description of health risks associated with the use of illicit drugs and the abuse of alcohol;
- A description of available drug and alcohol counseling, treatment, rehabilitation, and re-entry programs; and
- A clear statement of the disciplinary sanctions that the College will impose on students and employees who violate the standards of conduct.

Dominican College conducts regular reviews of the Prevention & Education as well as Student and Employee conduct programs to determine its effectiveness, implement needed changes, and to ensure that disciplinary sanctions are consistently enforced.

Security Awareness Programs and Crime Prevention Programs
Crime Prevention Programs on personal safety and theft prevention are sponsored by various campus organizations throughout the year. Public Safety and Security Personnel facilitate programs for students, parents, faculty, residents, and resident advisers providing a variety of educational strategies and tips on how to protect themselves. Members of the Public Safety and Security Department speak at various resident life meetings covering the following topics: security awareness, prevention, risk reduction and avoidance. Dominican College provides information about crime prevention programs during orientation to both incoming students and parents. Public Safety publishes a newsletter each semester to all students, faculty and staff. Campus Public Safety and Security engage in routine, motorized and foot patrol on campus on a 24 hour basis. In the event that a situation arises, either on or off campus, requiring an immediate notification of students, staff and faculty a campus wide Public Safety Advisory may be issued. The warning will be issued through the college e-mail system or via the Omnilert Emergency Notification System to students, faculty and staff.

Safety Escort Program
The Department of Public Safety recognizes that you may be uncomfortable walking across campus after dark. With this in mind, a safety escort program has been developed as an alternative to walking alone after dark. This service is offered from dusk to dawn. Daylight escorts will be provided for special circumstances such as illness, injury, or a legitimate fear that would prevent a student from feeling safe while crossing campus. Requests can be made by calling Dominican Security at 914-403-7531 or contacting the Professional Staff member who is on duty. In most instances the officer will respond in a timely manner, however an emergency situation may dictate a longer waiting period for the escort. Please be patient. Safety escorts will be walking or mobile based upon the discretion of the Public Safety Department.

The safety escort service is NOT intended to be a taxi service. We strongly encourage you to walk in pairs or small groups especially late at night. Inappropriate use of this service takes security officers away from regular patrol and campus safety issues.
Psychological Services
The College provides the opportunity for counseling services for individuals. Students may contact the Counseling Office in Forkel Hall or the Office of Student Development in Rosary Hall for appointments. The counselors are available at posted hours. Their services are confidential and free of charge.
During periods outside of normal office hours and when classes are not in session, incidents should be reported to the security guard on duty in the area. The Security emergency number is 914-403-7531. Back-up numbers are listed above.

Emergency Information
In the case of a general emergency originating beyond the grounds of the College, all persons are encouraged to contact College officials and/or tune to the Rockland County emergency radio station at 1640 AM. College officials, in such circumstances, will be notified by the county and town officials of the appropriate steps to take.

Law enforcement agency information provided by New York State concerning registered sex offenders may be obtained by accessing the New York State’s Sex Offender Registry, located at http://criminaljustice.state.ny.us/nsor, which is authorized and maintained via the New York State Division of Criminal Justice Services.

Campus Crime Statistics
The Advisory Committee on Campus Safety will provide upon request all campus crime statistics as reported to the United States Department of Education. The statistics reported below conform to the categories contained in the Crime Awareness and Campus Security Act (Clery Act). These data must be submitted to the U.S. Department of Education Office of Postsecondary Education (USDEOPE) by October 19 2020. All data for all institutions are available to the public on the USDEOPE website located at http://ope.ed.gov/security.

Please note that the statistics represent reported crimes. These reports did not necessarily result in arrest, conviction or internal disciplinary action. A crime report constitutes an allegation made to any one of several campus security authorities or the local police. The report may or may not have been found to have legal merit. The following indicates the number of crimes reported on campus for the past 3 calendar years. Statistics requested from local law enforcement were not available in a usable format for Clery Act reporting.

### Security Do’s and Don’ts

**Advice for Students:**
- Don’t think you’re leaving the real world, and that crime never happens on campus.
- Don’t tend to treat everyone new you meet as an immediate friend.
- Don’t leave valuables (such as computers) exposed and unsecured when not in use.
- Do lock doors and windows, whether leaving your dorm, home, classroom or office for long or short periods.
- Do keep your purse or knapsack tightly closed and with you at all times.
- Don’t walk alone!
- Do avoid dark or isolated places.
- Do challenge strangers in your dorm in a friendly manner, such as by asking, "Excuse me, are you looking for someone?"
- Don’t go home with or "bring home" a relative stranger.

**Advice for Parents and Students:**
- Don’t assume either rural or city campuses are automatically safe.
- Don’t bring unnecessary valuables (such as irreplaceable jewelry) that probably won’t be used on campus. Acquire Theft Insurance if you don’t have it already.
- Do take exact inventory—with copies of written records—of all possessions brought to campus.
- Do report anything at all suspicious to security—even seemingly insignificant details can help build crime patterns.

**Advice for Parents and Families:**
- Do find out exactly what security is provided, and learn how to get in touch with your son or daughter at school.
- Do encourage a "healthy suspicion" in your son or daughter soon to be exposed to new experiences and people.
- Do be certain that your homeowners or renters insurance covers losses off-site or obtain a rider to this effect.

### Dominican College Policies on Alcohol and Other Drugs

As part of its mission, the College seeks to foster personal and social development in a value-centered environment. In light of this commitment, the College takes as a serious responsibility the opportunity to educate and inform on issues which directly relate to human development in its broadest context.

Various federal and state statutes make it unlawful to manufacture, distribute, dispense, deliver or sell, or possess with intent to manufacture controlled substances. The penalty imposed depends upon many factors, including the type and amount of controlled substance involved, the number of prior offenses, if any, and whether any other crimes were committed in connection with the use of the controlled substance. Possible sanctions include incarceration up to and including life imprisonment and imposition of substantial monetary fines. Additional information concerning legal sanctions regarding alcohol and other drugs is available in the Office of Student Development.

The use of alcohol can lead to serious health risks, such as the loss of muscle control, poor coordination, slurred speech, fatigue, nausea, headaches, increase likelihood of accidents, impaired judgment, possible respiratory paralysis, and death. Heavy drinking can lead to alcoholism; damage to brain cells; increased risk of cirrhosis, ulcers, heart disease, heart attack, and cancers of the liver, mouth, throat and stomach; hallucinations; and personality disorders.
Health risks associated with the use of drugs include increased susceptibility to disease due to a less efficient immune system, increased likelihood of accidents, personality disorders, addiction, and death by overdose, anemia, and poor concentration. Additional information about how the use of alcohol and other drugs affect your health is available in the Office of Prevention and Education Services.

The College has adopted and implemented a program to prevent the unlawful manufacture, distribution, dispensing, possession or use of illicit drugs and alcohol by students and employees in accordance with the federal Drug-Free Schools and Communities Act Amendments of 1989 (Public Law 101-226). As part of that program, the College provides or offers referrals and/or rehabilitation to students and staff. Counseling and/or referral is available by appointment with the Prevention and Education Coordinator, 845-848-4030 and through a variety of community programs represented in the literature available in the Office of Prevention and Education Services in Forkel Hall. We also abide by state and local laws regarding drinking. Please make good choices and please be aware that we are here both to help make responsible choices and to abide by state and local laws. It is the goal of Student Development to provide students with an atmosphere that supports their academic progress. Student Development, Residence Life, and Campus Safety will take necessary actions to ensure the environment remains secure and productive. Dominican College expects all students to acknowledge, understand, and abide by the rules and regulations of the College, as well as federal and state laws regarding the use, sale, and distribution of alcohol.

No individual, regardless of age, may possess, consume, and/or be in the presence of alcoholic beverages on the Dominican College campus, unless at a function approved by the President of the College. [Dominican College is a Dry Campus.]

Good Samaritan Provision: Whenever a student assists an intoxicated individual in procuring the assistance of local or state police, security staff, residence life staff, or other medical professionals, neither the intoxicated individual, nor the individual who assists will be subject to disciplinary action (such as probation or removal from the residence hall) with respect to the alcohol incident. This provision does not preclude disciplinary action regarding other violations, such as theft, sexual harassment/assault, vandalism, etc. Individuals who are combative or not cooperative with the student, staff member, law enforcement or medical professionals assisting will not be eligible for this provision.
This provision offers a health-related response to the incident rather than a disciplinary consequence and does not excuse or protect those individuals that deliberately or repeatedly violate the Alcohol Policy. In order for this policy to apply, the intoxicated student must agree to timely referral to Prevention and Education Services for completion of alcohol education activities, and/or an assessment referral depending on the level of concern for student’s health and safety. Additionally, the College reserves the right to notify parents and/or guardians of alcohol and/or drug incidents in accordance with our policies. Serious or repeated incidents will prompt a higher degree of response. Failure to comply with and complete recommended follow-up by Prevention and Education Services may result in disciplinary action and could prompt the imposition of a medical withdrawal. The Good Samaritan provision does not limit the authority of law enforcement personnel or Residence Life staff to act as required at the time of an alleged violation.

Please see the Student Code of Conduct for additional information on the Alcohol and Drug policies.

The College policy is not intended to punish people who seek rehabilitation. All information provided to people who voluntarily avail themselves of drug and alcohol counseling or rehabilitation services will be confidential. All students must comply with New York State law and these alcohol regulations. The College will enforce Federal and State underage drinking laws. The College does not condone the use of alcoholic beverages and prohibits their abuse or illegal consumption. The College will enforce Federal and State drug laws.

Discrimination Policy

As an institution devoted to learning, openness, and the life of the mind, the College’s character as a community is measured in part by the kind of human relationships we build and sustain within this small, but complex place. We flourish together to the degree that we practice the virtues of mutual respect, generosity, and concern. Accordingly, it is vitally important that we resist inappropriate discrimination of any kind including the use of words and/or symbols generally understood to be indicators of bias. Nor will we permit violence or coercion in any form.

This account must have a zero balance prior to the issuance of a new decal.
- Chronic violators of College regulations who accrue $200 or more in fines will be reported to the Vice President for Student Development/Dean of Students or appropriate department heads as applicable for disciplinary action, or may be towed if circumstances warrant, at their own expense.

II. Registration

Any faculty, administrator, staff member or student who operates a motor vehicle while on campus property must register that vehicle with the College in order to receive a campus parking decal. In order to obtain a campus parking decal, each applicant must show a valid state vehicle registration. Applicants must also show proper Dominican identification. Campus registration entitles a person to drive on campus and to park in designated parking spaces in parking lots only. Vehicles may be registered at the Casey Hall Public Safety and Security Office. Temporary parking permits may also be obtained at the Department of Public Safety and Security.

III. Safety and Security Department

Public Safety and Security personnel enforce traffic and parking regulations. Public Safety and Security personnel are also available to answer questions pertaining to particular problems, such as disabled cars, borrowed cars, temporary parking permits and special loading problems. Public Safety and Security personnel will provide assistance to the College community whenever possible. Services include but are not limited to battery boosts, escorts on campus and providing telephone numbers of local tow operators for more extensive services.

The Public Safety and Security Department maintains a computerized record of all citations issued by officers and receives all appeals for citations issued.
IV. Citation Appeal Process

Appeals must be submitted in writing mailed to or dropped off at the Department of Public Safety and Security within seven (7) days of the violation. The appeal form can be obtained at the Department of Public Safety and Security in Casey Hall.

Each appeal will be judged. The applicant will be notified of the decision. Include as much factual information and documentation as possible with the appeal.

If you are not satisfied with the decision rendered, you may submit a second appeal following the same procedure as above and include any additional information that you think may support your position. If you are still dissatisfied, call the Department of Public Safety and Security to make an appointment to appeal your citation in person.

Students may pay for traffic fines by mail or in person at the Business Office. A copy of the summons must be presented with payment; check or money order should be made out to Dominican College. Staff, administrators and faculty can pay for outstanding traffic fines by check or money order at the Business Office also.

V. Parking Regulations

A. General

Spaces and parking lot sections reserved for disabled persons, specified visitors, faculty and service vehicles are restricted at all times. A decal merely authorizes parking on campus; it does not guarantee the availability or location of a parking space.

B. Visitors

All members of the College community are responsible for their guests and the citations they may receive. Guests must obtain a temporary parking permit and comply with all regulations in this guide. Visitors who do not comply with the parking regulations may have their vehicle towed or banned from campus.

C. Special Parking Privileges

The following special parking permits are issued by the Department of Public Safety and Security only. Abuse of special parking privileges will result in automatic revocation of same.

! No standing or parking without permit under any circumstance. Unauthorized parking in handicapped space will result in a fine and will be subject to tow.

1. Disabled Persons: Parking spaces for the disabled are reserved for those who have special handicapped license plates or permits for handicapped parking, which are issued in their name by the State, County or Town of residence. Any vehicle displaying a fraudulent tag will be towed and parking privilege revoked.

Hazard lights must be left flashing during these times. The vehicle must be moved to a legal parking space as soon as the vehicle is unloaded.

2. Fire Zones and Fire Lanes: All campus roads are fire lanes and all unmarked spaces in a parking lot are a fire lane. Each loading zone is by definition a fire zone. Fire zones are areas paved and unpaved that permit fire-fighting equipment to come as close to a building as possible. Any vehicle parked in a fire zone is subject to towing without warning.
Parking or standing is not permitted in a fire lane. While the College will attempt to mark all fire lanes and fire zones in general, lack of such markings will not relieve a violator of responsibility for obeying regulations. Parking in a fire lane will result in a fine plus possibility of towing.

3. Walkways: Walkways include any paved way on campus that is not defined as a roadway. No driving or parking is permitted on any walkway except under emergency circumstances.

4. Towing: All vehicles are subject to towing off campus and impounding at the owner’s expense by an outside agency if: illegally parked and/or it constitutes a safety hazard, is in violation of any parking regulations, has accrued $200 or more in citations, interferes with college operations or is not moved upon notice. In addition, specific College policy allows towing of vehicles off campus as follows:
